ABSTRACT

This quantitative research focuses on the awareness, acceptance, preference and buying intention of the patrons of San Francisco Coffee towards sales promotion activities done by the company. This research is addressed through four objectives – 1) to identify the level of San Francisco Coffee patrons’ awareness towards the company’s sales promotion, 2) to uncover the factors that attract San Francisco Coffee patrons’ acceptance towards the company’s sales promotional, 3) to unravel San Francisco Coffee patrons preference towards company’s sales promotional, and 4) to determine how San Francisco Coffee patrons’ buying intention affected by the company’s sales promotional. Data for this entire research is gathered using a survey method, which involved 364 patrons where convenient sampling was applied. These findings were categorized according to the objectives. Firstly, most of the respondents are aware on the sales promotion through Facebook. Secondly, in terms of the factors that attract them the most are the color, creativity and the message of the advertisement itself. Next, the respondents preferred to get any promotional messages from the company through newspaper, Facebook and Twitter apart from any other media. Lastly, in terms of the persuasiveness of the sales promotion, the data showed that most of them feel persuaded towards the buy-one-free-one and price discount promotion done by the company. Consequently, the researcher observed that the patrons of San Francisco Coffee are satisfied with the sales promotion techniques in fulfilling and satisfying their needs that also resulted to the effect of sales promotion contributes to high awareness, acceptance, preference and buying intention towards the patrons.
ACKNOWLEDGEMENT

I thank God for answering my prayers for giving me the strength and courage to complete this thesis and blessed me throughout the journey of obtaining the Master of Arts in Communication and Media Studies, Alhamdulillah.

This thesis would not have been possible without the guidance and the help of several individuals who in one way or another contributed and extended their valuable assistance in the preparation and completion of this study. First and foremost, my utmost gratitude goes to Dr. Noor Mayudia Mohd Mothar, for her patience, time, sincerity, steadfast encouragement and continuous support to complete this study. She has been my inspiration as I hurdle all the obstacles in the completion of this research work, as well as for the systematic guidance and great effort she put into training me to be a better researcher.

My very sincere appreciation also goes to Universiti Teknologi MARA (UiTM), Malaysian Ministry of Higher Education for the financial aid and to all respective personnel from UiTM’s Faculty of Communication and Media Studies who have been given this opportunity and assisting me with the necessary procedures throughout the whole semesters. Likewise, I appreciate every single former lecturers, classmates, course mates and colleagues from the industries for the support and inspiration whenever I was in need.

I would also like to express my gratitude to San Francisco Coffee’s organization for giving a wonderful and precious experience as I complete this thesis. To the Marketing Executive, Engku Jannah, thank you so much for her kind concern and consideration regarding my requests as well as the rest of Outlet Managers and baristas in KLCC and E@Curve outlet.

I am thankful to my siblings, relatives, and close friends for the moral support that I really needed when I felt down. To my husband, Shazreeq Alhadi, thank you for your existence in my life. You gave much motivation, support, time and effort along the way that makes me feel less-lonely.

Finally, I dedicate this work to my beloved mother Jamaah Johanib and my late father, Ramli Samsudin. No words can describe how important you are in my life. You are the most precious thing I could ever have, thank you so much for your love, trust and patience in me. And I will always be thankful for that.
