FIM was published bi-annually by Bachelor of Information Science (Hons) Library Management @ IM244 pursuing Publication and Production of Information Materials (IML601). The scope of the plan includes variety of issues in the field of information management.
Assalamualaikum WBT,
Welcome to our FIM Communication: Thrive for Information. First of all, let me begin by telling all of the readers a little bit of this publication.

HOW'S IT'S STARTED...??

At the beginning of the task given to us for the subject of IML601: Publication & Production of Information Materials, I realizes one critical need in the successful of the publication which is “collaboration”. Without collaboration, we were unable to achieved what we have working on before.

Back to our theme of FIM: Thrive for Information, I believe that information is a key to success. So, what do we expect our readers to know through “Thrive for Information” publication was that, it is specifically outline the information as a baseline in our life where each of the individual need it in a critical thinking, problem solving, decision making, knowing how to learn, reasoning, and the ability to manage resources, work productively with others, acquire and evaluate information effectively, organize and maintain information, interpret and communicate information, and work with a variety of technologies.

Lastly, I would like to take an opportunity to praise to Allah SWT, as without His blessing, we were unable to finish the entire task in the time being. Alhamdulillah, I am glad to have a great cooperation from all the magazine team members, which spend their times and effort in order to helps in finishing the contents of the magazine. Not to mention, a highest thank to Mr.Azmi Ab Rahman for the great advices and knowledge sharing throughout the process of this FIM publication.

THE DEVELOPMENT OF INFORMATION IN DAILY LIFE

BY
PUTERI LU'LU BINTI FAHRIN SHAH
NUR HIDAYAH BINTI SHARI SHAWARUDIN

Improved quality of life and increase the country's cost of living has become a hot issue among users. The most important step towards more practical and advanced is the use of preferential measures for the use of information technology. Housing and services is a branch of the municipal economic and infrastructure is an essential part of a more sustainable life, determining comfort to human life activities. In today's world of increasingly sophisticated and modern, the information is a resource that is becoming increasingly important especially in our lives. Information also does not have strict control. Human beings as users want an easy life and easy to work.

The most drastic changes in our everyday life over the past few years have been tremendous progress of information technology has become more of a necessity for us which gave us a lot of convenience. The most drastic change was the introduction of information technology in our lives. It has really changed our lives as human beings and might trend of our lives. In today's modern age, many information technologies are closely related to communication. Not only that but also a lot of information technology associated with the access. This is primarily related to why the use of technology such as computers linked to the information. Development and deeper penetration of information technology today is more easily seen in our daily lives to realize how sophisticated technology can be part of our routine life. For example the use of an elevator which we used almost every day for faster either going up or going down the level of the other without having to waste time.
In conclusion, there are many advantages and disadvantages to the use of highly advanced information technology nowadays. We as users often use this technology regardless of the time necessary to discern the pros and cons of using this advanced technology. Information technology is facilitating and happiness for the majority of users with such a huge impact on our daily lives. With this power, we need to use this advanced technology responsibly and prudently. It cannot be denied that information technology has become the most important things and be a part in our daily lives. Furthermore this technology has made our lives much easier and faster. As an example of the e-mail yahoo mail, google mail and also online shopping this both determine how information technology has penetrated into our daily lives and how we are now.
Verbal or nonverbal communication covers a large part of the information technology. For users in the modern era, communication is more important because if we think about access and easy-paced life and art, we will automatically point towards technological innovations such as the Internet and mobile phones, and other increasingly sophisticated creations. There are many ways in which information technology has become a vital and integral part of our lives is very busy nowadays. We have entered this state of the art technology into our lives as a convenience and assistance to our daily routine. For example, when we are already planned a very busy daily schedule on our personal laptop or smart phone as a reminder. This shows that we are heavily dependent on information technology this sophisticated. We have already started planning for a better life and future goals with the help of the technology.

The technology will improve the quality of our everyday life. Among the most obvious aspects of information technologies attaching so close to our daily life. We cannot seem to live without sophisticated technology like this. The closes example to us is the Global Positioning System or more known as GPS system. This GPS system was originally developed for military use but in the end everyone, needs it and it becomes part of our daily life. Nowadays, GPS system also used in car navigation systems. This can simplify our lives, especially when we're driving, or co-driver to get to your destination more quickly without having to look for signs on the road. Unfortunately, terrorism and other illegal activities is clearly highlight the dark side of information technology was in the hands of abusing the current GPS system.

Monitoring in silence has played a major role in information technology, it shows what happens because of bureaucratic organizations today are trying to detect an increase in complex information. The monitoring recording is now monitoring our life. For example, when we go to the ATM machine to withdraw money or put money, our image has been recorded. In addition, when we walk in the supermarket for groceries, without us realizing our image has been captured and stored on tape by a couple of Close Circuit Television Cameras (CCTV). It is very important to the supermarket to monitor every movement of your supermarket was originally put some closed circuit television cameras (CCTV) to prevent theft either publicly or secretly. Not only that, the supermarket also use this facility to examine the performance of employees and how they treat customers. In addition this is also to overseeing internal theft of employee.

HAKIKAT BELAJAR

Kita belajar kesucian dari cahaya
Yang selalu bersinar lurus menyibukkan gelap
Kita belajar kesetiaan dari matahari
Yang selalu menepati janji terbit di pagi hari
Kita belajar keluaran jiwa dari keluaran langit
Yang senantiasa berdandan dengan warna-warnanya
Arakan mega atau kemilau bintang-gemintangnya
Kita belajar kecilahan dari kedalaman samudera
Yang menyimpan antuan mutiara dan keindahan
Kerajaan batu karang di dasarnya
Kita belajar kerendah hatian dari gerak air
Yang mengalir ke tempat yang lebih rendah
Kita belajar dari titik-titik hujan
Menghapus kamaru panjang
Kita belajar dari kejukan embun pagi
Menyegarkan daun-daun
Kita belajar dari kidung-kidung burung
Dan gemerik air bening
Di selu-selu batu pegunungan
Kita belajar dari bunga-bunga pesta warna
Yang selalu mengirimkan aroma dan keindahannya
Kita belajar dari manik-manik batu permata
Yang meski terendam lumpur
Tetap menampakkan cahayanya

Ya...
Kita juga belajar keramah tamahan dari semut
Yang selalu mengucapkan salam damai saat jumpa sahabatnya
Serta kegotong royongan mereka dalam bekerja
Kita juga belajar dari persaudaraan kecil
Antara laut dan pantainya antara pohon dengan tanah
Kita juga belajar dari kearifan alam semesta
Yang nampak selalu diam
Di dalam kediamannya selalu bersujud kepada-Nya
Wahai jiwa...
Betapa dunia ini selalu berkembang dan terbentang jadi guru

Cinta terakhirku

Lamunan cinta masih berbisa
Membuat diri ini sukar melupakan
Aduh! Sakitnya dada
Menanggung kerinduan hanya padamu
Tersenyum bagaikan orang gila
Aku memikirkan tentangmu
Oh, indahnya cinta
Menghalau segala usikan di jiwa
Hanya tinggal erti bahagia
Bila kau dan aku sentiasa bersama
Kau cinta terakhirku
Tiada lagi bisa mengganti
Karna engkau telah menawan hati
Juga kau pagari
Dengan keikhlasan hati
Tiada siapa mampu robohi
Cintaku dan dirimu lagi
Doa jangan lupa kau beri
Pada si dia Pencipta hati
Agar kita selalu mensyukuri
Erti sebuah cinta hakiki

Bahagia dalam Duka

Sahabat,
Ku nukifkan karyaku ini hanya untukmu
Karna dirimu aku sayangi
Tanpamu, aku begitu sunyi
Detik yang kita lalui bersama amat ku hargai
Kita makan dengan penuh berselera bersama
Kita keluar bersama, bersarak ceria
Ketika itu, hati ini benar-benar bahagia
Namun satu hari, engkau menjauh dengan ku
Membawa seribu soalan di dadaku
Memikirkan apa salahku dengan mu
Tanpa khabaran, aku menangis
Memikirkan keadaanmu yang jauh bersamaku
Adakah hatimu sudah berubah
Bagaimana pula dengan hubungan kita?
Aku tertanya –tanya
Saat ku bersamamu begitu berharga
Namun kini kau biarkan aku derita
Menanggung arus bahagia dalam duka
Tidak ku minta bintang menjelma
Hanya ku perlu kita bersama
Menjalani hari- hari yang bakal tiba
Dan meraih kebahagiaan bersama

Karya
Sakinah Harun
Air mata menitis lagi
Bila diri mengenangkanmu
Rabak sanubari, ku merinduimu
Hanya doa ku titipkan setiap detik dan waktu
Agar dirimu bahagia disitu
Tanpa menempah dirimu pergi
Tanpa bersedia aku bersendiri
Mungkin takdirNya yang sedang ku jalani
Hidup sepi tanpamu disini
Hanya kamu menawan hati
Hanya kamu sering memahami
Kamu juga tidak lelah menasihati
Diri ini yang sering melupai
Kasihmu ku junjung
Pesanmu ku tanam di hati
Takkan lagi ku menangisi
Pemergianmu kali ini
Wahai bondaku yang ku sayangi
Dikaulah segala-gala penyari
Dikau juga tidak terganti
Walau hancur duniawi

Tiada Terganti

Kepenatan masih terasa. Sejak ku menjajakan kaki ke kampus ini, baru saat ini, aku dapat membaringkan sekuju tubuhku ini di dalam bilik yang selesa dan bersih. Ya, aku pelajar baru disini, pelajar yang baru sahaja mendaftarkan diri sebagai pelajar disini.

Sepenat manapun aku menjalani program sepanjang hari fakulti, aku harus kuatkan diri untuk kemaskan barang-barang aku yang menunggu giliran untuk dikemaskan dan diletak di tempat yang sesuai. Aku mencapai bagasi yang berdekatan, mengeluarkan isinya. Sekarang, aku perlu melipat semuanya, untuk disusun ke dalam almari. Aku bermanalogue sendirian.
Tanpa mengeluarkan sebarang suara, tiba-tiba, bungsssssssssssssuara yang membuat kanku terperanjat.
Sangat terkejut. Ku memandang ke arah almarikku, yang masih kosong tiada berpenghuni. Masya Allah!
Almar aku terbuka dengan sendiri. Dan ianya seolah dibuka dengan keadaan marah oleh seseorang. Teta-
pi, hanya aku yang ada di dalam bilik ketika ini. Sumpah, hanya aku! Jadi, siapakah yang membukanya?
Aku merenung tepat sekali lagi ke arah itu, aku merasakan sesuatu.

Ingin ku imbau kembali, siapakah yang membuka hijabku? Sedangkan aku belum pernah meminta
sesiapa untuk bukankanya untukku. Aku mula menyedari kelebihan ini sejak di bangku sekolah lagi.
Daripada keadaan yang sangat takut pada mulanya, bertukar menjadi perasaan yang sangat biasa pada ketika
ini. Mana tidaknya, sudah hampir lapan tahun aku hidup seperti manusia yang luar biasa. Manusia yang
mempunyai kelebihan yang jarang ditemui di dunia milik Allah S.W.T ini. Manusia yang boleh melihat
perkara yang tidak dapat dilihat oleh orang lain, manusia yang boleh mendengar apa yang tidak boleh
didengar oleh orang lain, dan manusia yang boleh merasa apa yang tidak boleh dirasakan oleh orang lain.
MasyaAllah, semua ini datang dari Allah, ini takdir dariNya.

Allahu akhbar! Aku berasa terbu terperasaan disekelilingku, perasaan marah, marah yang teramat
sangat. Dengan keadaanku yang kezurcan, maka aku tidak dapat merasainya dengan sempurna seperti se-
belumnya. Saat ini, hanya perasaan dan perbuatan “makhluk” itu saja yang aku dapat rasa. Aku harus
bertindak sesuatu, agar makhluk itu tidak lagi menunjukkan "belang" nya.
Dengan penuh kesabaran, aku berkata: "Saya baru sahaja datang ke sini, dan ini adalah bilik saya, saya
tahu awak wujud dan saya tak mahu awak menganggu sesiapa sahaja disini, saya datang sini untuk bela-
jar, kita sama-sama hidup, jangan menganggu antara satu sama lain. Boleh?"

Bau yang seindah kasturi itu, akan ku ingat selamanya.....
Our trip to Terengganu begin on 16-18 October recently. It is on Friday, Saturday and Monday. It was a 3 days 2 night trip including 13 students and 2 lecturers. This trip was for subject Publication and Production of Information Materials (IML601). All the student gathered at Gazebo Block 1 and waited for our bus to come.

We start our journey with a very excited feeling. We hope that this trip can give us very good knowledges and experience.

Our journey begin with recitation of doa by Mr. Azmi.

We were very enjoying the journey because everyone are very sporting and we were being closed together. In the bus we do activity like karaoke and watching some movies.

This journey take time almost 8 hours to reach our destination. In the journey also we are stop and take a break at Hentian Temerloh, Pahang. We went to eat and got some
10.30 p.m— arrived at Rhu Muda Beach Motel, check in and went to sleep tight.

DAY 2

8.00 a.m— everyone gathered and went to breakfast at Kuala Terengganu. We ate the traditional Terengganu dishes which are lempeng and the famous Nasi Dagang.

10.30 a.m— we went to Museum Negeri Terengganu. It were very nice because we got many information and history there. We spent almost 4 hours at the museum.

1.00 p.m— we went to Masjid Kristal. Some of us were riding a cruise to saw some breathtaking scenery around the river. By take the cruise also we can saw all the replica of mosques been there. It was very real and beautiful. After that we take lunch and continue to the next location.

3.00 p.m— the next location was the famous place to go. It was one of the attraction in this country of Darul Iman which is Pasar Payang. It was a traditional market. There are many traditional food, handicraft and everything is here. Almost all product here are from local. The price were very affordable and we can buy everything here.

5.00 p.m— we went to Pantai Batu Buruk at Kluang. It was one of the popular beach to hang around. There are many activity and games there. One of it, we can take a Cinderella ride and ate the awesome ikan celup tepung and seafood.
DAY 3

9.00 a.m– we went to Perpustakaan Negeri Terengganu. It was very big library.

We hanging around in the library and look at their collection.

Take some memorial picture

12.00 p.m– we went to bought some keropok lekor as souvenir at Bukit Tok Beng (BTB). It was very famous place to buy keropok lekor and you must get number to make order.

FIM COMMUNICATION invites contributors to submit manuscripts for publication in the FIM COMMUNICATION (December 2014 publication). The scopes of the journal include, but not limited to, the areas in Information Management.

TYPE OF CONTRIBUTIONS

FIM COMMUNICATION publishes original articles on all aspects of Information Management. As FIM COMMUNICATION is intended to be a semi academic/less formal publication, contributors are encouraged to share their experiences, personal views and thought. FIM COMMUNICATION also publishes creative writing such as poems, short stories etc.

AUTHOR GUIDELINES

1. Content
   - We prefer FIM COMMUNICATION articles that are 750 - 1500 words in. They should be in English or Bahasa Melayu.
   - Articles should not have been published previously in another magazine or journal, nor been available in a final version on a publicly available web site.

2. Matters of style
   - Text should be in Microsoft Word or rtf format.
   - Images may be in gif, or jpeg formats. Images can be handled several ways — as in-lines or as linked files. They normally should be no more than 700 pixels in width.
   - Hyperlinks to external sources are encouraged. URLs should be spelled out rather than embedded as links, either following the appropriate name/text or, if preferred, within the References section at the end of the file.
   - The font type required is Arial, 11pt.

3. Mechanics of submission
   Each author will be asked to submit a brief (50 - 100 word) biographical sketch along with his or her manuscript. Please contact the editors for details upon acceptance of your article.

4. Editorial Process
   - Upon acceptance, articles are put on the magazine’s production schedule for two months that is mutually acceptable to the authors and editors.
   - FIM COMMUNICATION editors will read your submission and return it with suggested changes or comments.
   - After the authors and editors have agreed on a final draft, the revised text will be formatted in doc or pdf by FIM COMMUNICATION staff.
   - Authors will have a specified length of time to request final corrections or minor changes prior to the release of the magazine to the public.
   - Once the issue has been released, only vital corrections or changes will be made to the file. These changes will be noted and dated at the end of the file.

5. Rights
   All rights reside with the author(s). We will identify the author(s) as the copyright holder(s) unless specifically directed otherwise. FIM COMMUNICATION requires non-exclusive permission to disseminate and make the material available. Author(s) are responsible for clearing any rights prior to submitting materials to us. Should the author(s) decide to publish an article elsewhere at some future date, we ask the author(s) to notify us as a courtesy, and if possible, to include language indicating that the material has previously appeared in FIM COMMUNICATION and in which issue.
