OCTOBER 2010
This study was purposely to investigate the “YOUTHS’ INTERPRETATION TOWARDS PERPUSTAKAAN RAJA TUN UDA” which the library located in Shah Alam. In order to achieve the objectives of the study, sets of questionnaires were distributed to the respondents comprised of youths from 15 years old until 40 years old who visited Perpustakaan Raja Tun Uda. The result of the study could be used to improve the condition, services, collections and facilities in public library in order to attract youths and ensure there would be continuous visit by the youths to ensure the survival of the public library. This study could for further reference and could be improved for future studies.
ACKNOWLEDGEMENT

First of all, I would like to express my gratitude to Allah SWT for giving a good health and motivation as well as strength to confront the challenges and barriers in order to complete this academic project.

The special thank goes to my helpful supervisor, Dr. Dang Merduwati Hashim. The supervision and support that she gave truly help the progression and smoothness of the academic project. The process of accomplishing of this academic project would be nothing without the enthusiasm and imagination from both of you The co-operation is much indeed appreciated.

A high appreciation to my parents. They had give me full support, understanding and most valuable their prayer towards my success in completing this academic project

Last but not least I would like to thank all people involved in making this academic project a reality especially to my friends for their cooperation in understanding my situation. Not forgotten for the respondents who were willing to spend their precious time an for all those who were involved directly and indirectly.

Thank you.
