**Title : Maintenance Approach of Heritage
Building in Malaysia**

Supervisor's Name : Sr Dr Robiah Abdul Rashid

Signature :

Date : January 27th 2014

Abstract

The conservation of historical buildings is a way to preserve a heritage building structure through a maintenance work. Maintenance work can be identified as an important element to maintain the condition of the building and to protect the heritage building from damaged.

The heritage building condition should be maintained and this research will be carrying out of the maintenance approach work to the heritage building. This research would to highlight the maintenance approach of heritage building in Malaysia, especially at Kuala Lumpur. Kuala Lumpur have a many heritage building was gazetted under Jabatan Warisan Negara and the structural of the building unique, have a different character and historical of building.

The findings in this research are summarized from the respondent directly from the management of the heritage building and the staffs. Case studies in this paper involving 3 number of heritage building under department of heritage building will be carried out.

The methodology for this research depend on self-developed questionnaire referred to the maintenance approach of the heritage building in Malaysia .The output from this research later would be know the maintenance approach to the heritage building.

Acknowledgment

Firstly, I want to say thank you to ALLAH, The Most Merciful, and with the blessing of his messenger, The Holy Prophet Muhammad S.A.W, have completed the dissertation for the subject Academic Project II (BSS 608). I would like firstly express my endless appreciation to my parents their courage and love, I would not have gone this far in completing this study.

Besides that's, thanks to my Supervisor, Sr. Dr Robiah Abdul because guides me to finish my dissertation. The endless guides that have been provided would be much appreciated. Also would like to express my attitude to whom a every cooperate in the research.

Realizing that this study is meaningless, without the acknowledgement of The One who made it all possible, once again thanks are into The One and Only God, Allah S.W.T, for a blessed family, friends, colleagues, and giving me the peace of mind, body, and soul throughout the completion of this study.

Thank You.
