## **ACKNOWLEDGEMENT**

In the name of Allah, the Most Gracious and the Most Merciful. All praises to Allah for the guidance, strengths and His blessings in completing the research project successfully.

I offer my sincerest grataitude to my research supervisor; Assoc.Prof. Hanizah Hj Musib, who has supported me throughout my thesis with her practice and knowledge. I am very grateful for all her support, ideas and willing to present me a chance to work together in realizing this project. Your warm encouragement and thoughtful guidance has been a great motivation for me.

I would also like to acknowledge the contribution of other lecturers who has been mentoring and tutoring me for more than 5 years in both Diploma and Degree program. Thank you for the encouragement, insightful comments, valuable advices that made my life in the University full with new knowledge and memorable time.

I would like to express my appreciation to my beloved parents, Syed Hussin Syed Ibrahim and Hanipah Mokhtar, and also my sisters and brother for their endless support, prayers, love and care. Thank you for supporting me throughout all my studies at University.

Last but not least, I warmly thank and appreciate my close friends and course mates. I am thankful for the moral support and kindness from each of you. Thank you for being part of my memories.

## **ABSTRACT**

Animation films fundamentally changed the ways of teaching and learning music. Information has new value and generates new power. Malaysian children are exposed to modern technological entertainment whether it is on mobile devices, television, video games, animated TV or some other form of popular art and media that creates and enables information pertaining music to be shared easily will remain with us for the foreseeable future. Hence, this paper gives a snapshot of the animation films to music teaching and learning. A researcher will be conducted to collect reviews made by music teachers and parents who think whether animated films will be useful to them and have an impact on children's development of their learning in music.
