ABSTRACT

The transformation ITM becomes to be UITM there are many thing are to be transform especially transform on that building. The refurbishments are carried out in transformation of ITM become UITM but at the same time there are problem occur from the refurbishment work. The study has a specific objective to achieve in the end. The primary of objective is to identify the type of refurbishment work carried out in UITM Shah Alam from years 2001 to 2009. Second objective to categorize type of refurbishment carried out in UITM Shah Alam from years 2001 to 2009 and the third objectives is to evaluate the performance of refurbishment work to meet the user needs. This dissertation include the outline of introduction and to the subject each topic. this dissertation also include the statistic type of refurbishment carried out in UITM Shah Alam and also the category type of refurbishment divided by two which is classification by uses and classification by work. Research methodology which had been applied in the six case studies is through observation, and interview involved person in refurbishment work. The analyses of questionnaire are to define in this dissertation to ensure the level of safety and quality of refurbishment work are carried out in UITM Shah Alam. Finally, conclusion from the research finding and the recommendation are be made in the last chapter to improve the performance of refurbishment work to meet the user need.

## CHAPTER 1 INTRODUCTION

1.0 Introduction 1
1.1 Statement of Problems 4
1.2 Scope and Limitation of study 5
1.3 Objectives of Study 6

## CHAPTER 2 LITERATURE REVIEW

**Introduction of University Teknologi Mara (UITM)**

2.1.0 Introduction 7
2.1.1 Faculties in UITM 7
2.1.2 Campuses in UITM 10
  - 2.1.2.1 Shah Alam Main Campus 10
  - 2.1.2.2 Campuses in All States in Malaysia 11
2.1.3 Residential College 12
  - 2.1.3.1 Residential colleges in Main Campus 13

**Building**

2.2.0 Introduction of Building 14
2.2.1 Definition of Building 14
2.2.2 Classification Uses Of Building 15
  - 2.2.2.1 Residential 15
  - 2.2.2.2 Institutional 15
  - 2.2.2.3 Offices 16
  - 2.2.2.4 Hall and places of assembly 16
  - 2.2.3.5 Factories an workshop 17
  - 2.2.3.6 Warehouse and store 17
  - 2.2.3.7 Shop 17
2.2.3 Requirement of the building 18
  - 2.2.3.1 Functional requirement 18
2.2.3.2 Performance requirement
2.2.3.3 Statutory requirements
2.2.3.4 User requirement
2.2.4 Building structure

**Refurbishment**

2.3.0 Definition of Refurbishment
2.3.1 Refurbishment in Malaysia
2.3.2 Starting Points for Change of Use
2.3.3 The Type of Refurbishment
2.3.4 The Availability of Building Suitable For Refurbishment
2.3.5 The Quality of the Building Suitable For Refurbishment
2.3.6 The Shorter Development Period
2.3.7 The Economic Advantages
  2.3.7.1 Expected Rental Income
  2.3.7.2 Expected Capital Value
  2.3.7.3 Estimate Cost of Development
  2.3.7.4 The Cost of Acquiring the Site
  2.3.7.5 The Cost of Financing the Refurbishment Scheme
2.3.8 The Architectural Advantages
  2.3.8.1 Availability of the Existing Infrastructure
2.3.9 The Social Advantages
2.3.10 The Environmental Advantages
2.3.11 The Performance of Refurbishment Project
2.3.12 Refurbishment in Occupied Building
2.3.13 Policies and Legislation Related To Refurbishment Projects In Malaysia
  2.3.13.1 Antiquity Act 1976
  2.3.13.2 Town and Country Planning Act 1976
  2.3.13.3 Local Government Act 1986

**Health and Safety of Refurbishment**

2.4.0 Introduction
2.4.1 Occupational Safety and Health 1994 (OSHA)
2.4.2 Health and Safety Organization in Malaysia
  2.4.2.1 Department of occupational, safety and health (DOSH)
  2.4.2.2 National Institute of Occupational Safety and Health (NIOSH)
2.4.3 Forming Of Safety and Health Committee
  2.4.3.1 Responsibility Involve Parties
2.4.4 Demolition Work
CHAPTER 3 RESEARCH METHODOLOGY

3.0 Introduction 56
3.1 Primary Data 56
3.2 Secondary Data 59
3.2 Data Analysis 59
3.3 Conclusion 60
3.4 Summary of Methodology 61

CHAPTER 4 CASE STUDY

4.0 Introduction 62
4.1 Rehabilitation of the Teratai College 1 63
   4.1.1 Building Background 63
   4.1.2 Location Plan 65
   4.1.3 Refurbishment Work 66
      4.1.3.1 Type of Refurbishment 68
   4.1.4 Structure Interview Data Collection 69
      4.1.4.1 Reason to refurbishment 69
      4.1.4.2 Health and Safety 69
      4.1.4.3 Complaint about the Problem of Refurbishment Work from Occupant 71
4.2 Repair of the Seroja College 3 72
   4.2.1 Building Background 72
   4.2.2 Location Plan 74
   4.2.3 Refurbishment Work 75
      4.2.3.1 Type of Refurbishment 77
   4.2.4 Structure Interview Data Collection 78
      4.2.4.1 Reason to Refurbishment 78
      4.2.4.2 Health and Safety 78
      4.2.4.3 Complaint about the Problem of Refurbishment Work from Occupant 80
4.3 Renovation Sultan Abdul Aziz Shah (SAAS) Tower 81
   4.3.1 Building Background 81
   4.3.2 Location Plan 82
   4.3.3 Refurbishment Work 83
      4.3.3.1 Type of Refurbishment 84
   4.3.4 Structure Interview Data Collection 85
