## ACKNOWLEDGEMENT

*In the name of Allah*

*The Most Gracious and The Most Merciful*

First of all, I am thankful to Almighty Allah SWT the most magnificent and merciful for blessing and provided me the opportunity to complete my project peacefully. I would like to express my heartfelt appreciation to my beloved parents for their endless emotional, moral support, and encouragement.

Secondly, I highly appreciate the dedicated supervision of my project supervisor, Puan Normah Mohd Rawi. I am thankful for the assistance, guidance and motivation she had given during completing the whole project. Her suggestions are particularly important in helping me completing this project

Thirdly, a lot of thankful and appreciate to my thesis advisor, Puan Itaza Afiani Binti Mohtar. She is the one who responsible in handling the CSC 699 subject. She gives a valuable guidance and teaches me to understand the projects. I am happy that I had the chances to complete this project. It has opened a new world of study and I have learned a lot during this study.

Last but not least, I would like to thanks to all lecturers from Department of Computer Science UiTM Perak, classmates, and friends for their supports, helps and cooperation throughout the project.

Thank you, may ALLAH bless all of you.
