Acknowledgement

Alhamdulillah, first of all I would like to thank God as finally I am able to finish my assignment that have been given to me by our lecturer. This task had been done with all afford of mine even though there is a little bit problem while doing this assignment. Luckily, all the problems have been settle down and able to adapt properly and wisely.

Besides that, big thank we would like to address to our lecturer Sir Zaim because without her guide my project cannot be done properly like this. She always gives us supports and guide us how to do our assignment in purpose to produce a good outcome from task that been studied.

Next, big thanks to my customer, clients and those people who taught me to do business online properly. Online business will be hard if we do not know the correct method to utilize the advantages of it. So, thanks to my mentor who guide me to utilize this advantages.

Finally, millions of thank to my classmates because they also help me in doing my group project. They always give me ideas and comments on my project so that we can improve our project in many ways.

Executive Summary

In this semester, I am taking an entrepreneur subject which is the Principle of Entrepreneurship (ENT530). This subject is one of the requirement for my course by Universiti Teknologi Mara (UiTM). I had been required to do online business and prepared the final report at the end of the semester. In this report I will brief about the business that I have been doing since early of this semester.

I already registered my company with Suruhanjaya Syarikat Malaysia. I do have the licence to open my own business. The business that I am going to do is to sell snacks. I have become an agent for a snack company and decide to us its product as my product for the assignment. I already get the permission to do this by the owner of the company.
