ACKNOWLEDGEMENT

Alhamdulillah, thanks to Allah S.W.T for giving me this strength and never let my spirit die on completing this report. I hereby would like to thank several individual who have helped me direct or indirectly. I would like to express my special appreciation and a lot of gratitude to Madam Hamidah Hashim my advisor for this project paper on her time, advice and guidance for me to complete this project paper successfully. Not forgotten to my second examiner Mr Awang Bakar Awang Tatam for his comments and advice.

To the Director of Social Security Organization (SOCSCO), Mr. M Nallusamy a/l Mutusammy for giving me the permission to do practicum in the SOCSCO organization for this three months, for my supervisors at SOCSCO organization, Madam Roslinda Juanis and Madam Flora Paulus for their guidance and sharing the knowledge on the environment of working operation in SOCSCO organization. To Miss Clare and Madam Fazidah thank you for their willingness to give me a wonderful experience at the SOCSCO organization.

For those staff at SOCSCO organization a lot of thanks for their cooperation during my practicum period. Last but not least, to my beloved family which always supports me in whatever situation I am going through to complete this project, to my beloved one Miss Yuspadilawati Ahmad thanks so much dear for your advice, ideas and non stop support on me throughout this report. Thank you very much.

ABSTRACT

Effectiveness of the educating program is depend on the influences that the individual or an organization can manage to attract the employers' in making the ways to contribute with the Social Security Organization (SOCSSO) on the schemes that provide by them. The purpose of doing this research is to enhance and detach the weaknesses of the educating program that SOCSSO provide in order to make the employers more aware of the SOCSSO Act and the important of making the contribution for their employees.

In chapter one, it will overview the background of SOCSSO itself including the ways that SOCSSO used in educating the employers, it also include the types of schemes which include in the Contribution part. In chapter two, the several literature reviews will relate to this study. Under the chapter three, it is more towards the method that the researcher used in order to get the findings and data to analyze by the researcher.

In chapter four the findings will be presented and analyze by the researcher including the table and figure for more clear explanation. Finally under chapter six and seven, the overall conclusion and recommendation will be made by the researcher according to the findings and the data that researcher have been analyzed before.
