— Diploma Show FSSR Jun-Oct'14 —

Rector's Speech

Dr. Asmadi Mohammed Ghazali

UiTM Kedah Branch

Design Show 2014 is meant to provide a fundamental platform for all the students, especially those in the final year, to exhibit and showcase their talent and skills. This platform is essential and it works as the basic ground for the students to explore more in their professional worlds in the future.

It is heartening to witness the great obligation shown by all the committee and students in making this event a success. Yes, we are indeed concerned on our students' future and we want them to have a better and colourful world of what they are having now. Thus, this meaningful event of Design by our Faculty of Arts & Design, UiTM Kedah Branch is nothing less than an embodiment towards achieving this gracious goal. The greatest gratitude also goes to our organising committee for their endless, tireless and diligent efforts, time and passions in making sure this Diploma Show has come to its objectives.

Welcoming Speech

Dr. Azhari Md. Hashim

Head of Faculty

Faculty of Art & Design

It is with great pleasure that we greet all of you on behalf of the organising committee of Design Show 2014. It is our best gratitude for your interest and support in taking part in this exhibition, bringing your creative and innovative ideas to be showcased in Design Show 2014. It is your belief and confidence in Design Show as a platform for showcasing, sharing and collaborating excellent and authentic ideas that have made it a reality and a success.

Design Show 2014 is conceived with the aims to provide a basic ground for the students to showcase and exhibit their final art works. It is also meant to provide a medium to explore new, innovative and enterprising ideas and as well as to present a common platform for the potential clients and employers in searching the new talents. Faculty of Art & Design personally congratulate the organising committee of Design Show 2014 for putting this exciting event, achieving its objectives and meeting its purposes.
