ACKNOWLEDGEMENTS

First and foremost, praise to the mighty God for His blessings and consent. Without His help it would definitely have not been possible to conduct this study.

Special gratitude to my first Advisor, Mr. Abang Hamizam Bin Abang Mohar who gave me a lot of constructive feedbacks, comments, guidance and valuable suggestions throughout the course in preparing this project paper. His tolerance and encouragement has greatly inspired me to conduct and prepare this study with success.

My special gratitude also goes to Bau Hospital staffs who are kindly participating in this study.

Besides that, I would like to thank my friends and course-mate for their constructive criticisms, cooperation and help.

Last but not least, thank you very much to my beloved wife and family for their support towards making this report a success.
