THE SURVEY OF FINISHING FAILURE IN FURNITURE INDUSTRY

By

NURHAFEEZA BINTI HAJI ADAM

OCTOBER 2004

ABSTRACT

Finishing is the most important aspect in furniture making. The application of finishes on the furniture is to protect the surface and also enhance the aesthetic quality of a timber. Finishing also helps to enhance the attractiveness of the surface texture, dimensional, stability and durability. A good finishing protect the wood and enhance its beauty by adding color, polish, luster and other method.
