"Tabung Seri Kenyalang: Empowering Future Graduates"

In conjunction with the 96th UiTM Convocation Ceremony, UiTM Sarawak introduced the "Tabung Seri Kenyalang" (TSK) fund. Established in 2018, TSK aims to assist (B40) Bumiputera students in need by providing financial support for tuition fees, living expenses, allowance for industrial training and even aiding in times of misfortune such as accidents or natural disasters.

To ensure the fund's continuity, the Industry, Community, and Alumni Unit (ICAN) set up a counter during the ceremony on June 12, 2023, for future graduates to make contributions. Donations of as low as RM10 can easily be made by scanning the provided QR Code on the poster.

In appreciation of the graduates' contributions, specially designed batik handkerchiefs were awarded to celebrate their success at Universiti Teknologi MARA. By donating a mere RM10, future graduates can make a meaningful impact and help fellow students achieve their academic and personal goals through TSK.
