

PROMINENT ALUMNI

TUAN HAJI SAPAWI

Tuan Haji Mohd Sapawi bin Haji Jemain was born in 1957. This Alumni icon graduated from the Faculty of Management and Business (FPB) with a Master of Business Administration (MBA) in 2003 at the Universiti Teknologi MARA Kota Samarahan Campus. Among his fondest memories is successfully advancing from the diploma level to the master's degree level over the course of nine and a half years of study, despite having to sacrifice time with his family every weekend during the lecture session. However, everything he went through did not deter him from completing his education satisfactorily.
