INSTITUT PENDIDIKAN GURU KAMPUS PENDIDIKAN ISLAM, BANGI

ABSTRACT

This paperwork is presents a report proven activities of my internship experience at Institute Pendidikan guru campus Pendidikan Islam, Bangi and that have been done by students while carrying out industrial training activities for the industrial training course (IMD 310). This industrial training was done during semester 4 and is part of the Diploma in Science Information course by the College of Computing, Informatics and Mathematics. Based on these reports, it contains information about industrial training places, activities and programs involved as well as sharing experiences. The primary focus of the internship are to understand and must follow the instructions by the supervisor request. I was involved in project do an official IPG website, handle on how to find a way prevent virus from the computer, record the data, teamwork ,presentations and more. To conclude, I may be able to enhance communication skills, knowledge, time managements and enhanced my confidence skills.

Keywords : industrial training, programs, skills
