## ACKNOWLEDGEMENT

First of all, I want to express all my humble thanks to **ALLAH S.A.W** who is very sensitive about each and every activity of all his men and without whose help, I am unable to accomplish any objective in my life. All respect to his Holy Prophet **HAZART MUHAMMAD (Peace Be Upon Him)** who brought the light of knowledge when the humanity was wandering in the desert of ignorance.

Secondly, I am grateful to my prestigious institute MARA University of Technology (UiTM) that made this learning opportunity a part of our education, especially Internship Coordinator En. Mohd Zul Azmi bin Ishak, who not only guided me well but also helped me in finding such an excellent place for internship.

Special thanks to my supervisor En. Muhammad Asyraf bin Wahi Anuar who always guide me during the process of internship and help me to complete my special project for this internship.

I would also thank to my supervisor at PNB, Puan Ruhaidah binti Mohamed Salleh for her kind guidance, constructive comments and advices, not to mention her willingness in giving the ideas, opinion and had inspired me a lot by encouraging me to contribute significantly in my job tasks. I had gained lots of experiences along the process to complete the training and this report.

I submit my earnest thanks to my affectionate parents, who always remains at my back to support me, I can never give the return of their support for me, but I can only prove myself as they expect from me. I am also grateful to all other family members and all my friends for their moral boosting and spiritual support during my study and especially in this internship program. I want to pay gratitude to all persons, who had helped me in completing this report.
