## **INTRODUCTION**

### **1.1 Company Profile**

Atlantic Project Management Sdn. Bhd., a company established on February 6, 2020, is a new name that replaces the former name, Atlantic Solution Enterprise, which had been operating since March 5, 2007. Based in Kota Kemuning, Shah Alam, the company has over 15 years of experience in providing local contract workers, making it one of the leading providers of such services in Malaysia.

Atlantic Project Management Sdn. Bhd. plays an important role as a one-stop recruitment agency dedicated to providing its clients with high-quality and suitable candidates to meet the operational needs of production and warehousing. Currently, the company collaborates with two major multinational companies, supplying local contract workers to fulfill their production requirements.

As a recognized provider of workforce outsourcing services, Atlantic Project Management Sdn. Bhd. has become a crucial production partner for a multinational company from Japan, such as Panasonic. The company is responsible for managing three production lines, playing a vital role in ensuring smooth production processes and achieving high-quality standards.

Atlantic Project Management Sdn. Bhd. offers a wide range of services tailored to meet the needs of various industries. In the electronics and electrical equipment sector, the company provides skilled workers for the production and maintenance of electronic and electrical devices that require specialized technical expertise. For the automotive industry, it supplies manpower for component manufacturing and vehicle assembly, addressing the unique demands of this dynamic sector. Additionally, the company supports the warehousing and logistics industry by providing proficient workers adept at warehouse management and logistics operations, ensuring smooth and efficient supply chain processes.
