1.4 Research objectives.....	5
1.5 Scope of study.....	6
1.6 Significant of study.....	6
Chapter 2: Literature review	7
2.1 Customer loyalty.....	7-8
2.2 Servicescape.....	9-10
2.3 Ambient conditions.....	10-12
2.4 Space, layout and functionality.....	13-15
2.5 Signs, symbols and artifacts.....	16-17
2.6 Research framework.....	18
2.7 Research hypothesis.....	18

Chapter 3: Methodology	19
3.1 Source of data.....	20
3.1.1 Primary data.....	20
3.1.2 Secondary data.....	20
3.2 Research design.....	21

Acknowledgement

I would like to thank a number of people who helped me during the whole process of my dissertation. First of all, I would like to thank my advisor for this final year project MKT672 Sir. Kamarulzaman for his advice and inputs also for his time and energy to help me to correct my report. I would like to acknowledge my University which is Universiti Teknologi Mara (UiTM) cawangan Sabah for giving me the opportunity to finish my bachelor degree in marketing. Moreover, I would like to thank my parents and my partner for their encouragements and supports during the ups and downs I have been through during my research investigation.

Abstract

This final year project paper report entitled “Servicescape on Customer loyalty in the context of hotel industry”. The purpose of this research is to examine the influence of Servicescape on Customer loyalty in the context of hotel industry, in a comprehensive and concrete way. And explore physical and social dimension of servicescape and their variables. The methodology of this project paper that the researcher use is a systematic research is carried out as the test generates analytical evidence for data interpretation and data collection analysis. The survey theory strategies have been followed and the research choice method using is quantitative data. Convenience sampling is use in the research. The findings of this project paper, the study priorities contain three objectives. Once the study has been carried out, this thesis analyzes all three of the independent variables (ambient condition, space, layout and functionality and signs, symbols and artifacts) has fulfill the objective. The research conclude space, layout and functionality as the most influential variable that lead to customer loyalty on hotel’s servicescape. Practical implications in this project paper the managers should provide more consideration to their servicescape and take customers’ perceptions, needs and expectations into consideration. Important keywords in this paper are servicescape components, customer loyalty, experiences staying hotel, Kota Kinabalu, Sabah respondents. The type of this research is Final year project paper, Bachelor of Business Administration in Marketing.
