Acknowledgement

Alhamdulillah, first at all I would like to thank Allah which has given me the health, strength, ideas and opportunity to fulfill my project paper. Next, I would like to extend my deepest gratitude for the support provided during the completion of the paper, in particular to my first advisor, Puan Habsah Bt Kasim and my second examiner, Associate Prof Shahariah Hj Osman for their supervision, advices and invaluable comments in the preparation of this study.

I would like to acknowledge Pusat Zakat Negeri Sembilan for allowing me to complete my practical training program. My appreciation goes to all the staff of Pusat Zakat especially to Manager, Ustaz Nor Azmi Bin Hj Musa and my supervisor, Pn Nor Azlin Bt Arop @ Othman who gave me access, cooperation and understanding in relation to complete for the study.

I also wish to thank all my friends who were always there when I needed them the most. I really treasure your honest opinions encouragements that have put me through the good and bad times. Beside that, my best regards to thanks everyone who had contributed in the making of this research whether directly or indirectly. Last but not least, I would like to express my deepest gratitude to my beloved parent, Hashim Bin Indin and Mariam Bt Ahmad as well as my family members fro their support, assistance and encouragement.

ABSTRACT

This research was conducted for the purposed of “A Study on Management Practices Within Small Bumiputera Entrepreneurs in Seremban – Negeri Sembilan. The main objective of this research was to identify why many small Bumiputera entrepreneurs are not active for past several years. SMIDEC is one of the government’s agency to help small Bumiputera entrepreneurs. For the purpose of this study, the exploratory research was used to understand the problem, 40 questionnaires were distributed to small Bumiputera entrepreneur’s companies under SMIDEC. Questionnaires were distributed as the survey instrument as the source of primary data, other reliable sources would serve as secondary data.

This research found that small Bumiputera entrepreneurs using few techniques as its management ways and faced few problems during start – up and current operations. It gets from survey analysis and findings when doing this study. Through this research, they need more help to survive from other parties for growth of their business. But the most important is small Bumiputera entrepreneurs should know what the best practices method should apply in order to increase efficiently in business and can sustain for a long time.
