ACKNOWLEDGEMENT

In the name of Allah, The Most Gracious. The most Merciful

With the name of ALLAH, The Mighty God and The Ruler of the universe. Firstly, I would like to praise appreciation to the Mighty God in providing an opportunity and strength upon my mind, spiritual and physical to accomplish my research paper.

Secondly, I would like to express my gratitude to thank to my advisor as well as my lecturer, Associate Professor En. Rozalli Bin Hashim for his valuable guidance, patience, continuous support and encouragement that he has guided me all the way in realizing this project.

Next, I would like to take this opportunity to say thanks to the staff and employees at Totokiki, in which, they have puts much effort to help me in collecting all the information needed for this study. I also grateful to receive a commitment from all the respondents at Totokiki.

I also dedicate my deepest gratitude and love to my parents, Encik _____ and Puan _____ and my siblings, who always encourage me to do well in my studies. You are my greatest treasure and to all of you, million thanks for being passionate, understanding, supportive and encouraging all my way.

Also to all my friends, Noraida, Zurina, Neliza and others who make me smile, for making life enjoyable and helping me out during my tough time. Thanks for your cooperation. I wish and believe ALLAH will bless you good faith forever.

ABSTRACT

Factors that influence the effectiveness of teamwork and job satisfaction can be the important driven to the organization's efficiency and effectiveness. It is because, different people feel in different way and levels of job satisfaction. Teamwork is the important way that can promote the satisfaction on jobs. Meaning that, the high degree of the effectiveness of teamwork can develop and sustain the organization's performances in which depend on how employees perceives towards fulfilling their job satisfaction. For that reason, these studies are examines the factors that will contribute to the level of job satisfaction among the employees at Totokiki (Malaysia) Sdn. Bhd. Besides of administered questionnaires and interviewing, other methods of research that have been applied in this study are data collection, cluster sampling technique, and also Statistical Package for Social Sciences (SPSS). Hopefully the finding can aid Totokiki (Malaysia) Sdn. Bhd to enhance their level of employee's satisfaction.
