Abstract

Information agency serves different types of users. Each of users has their own preference while searching for the information. There is a need for libraries, to cater the user's need to make sure they are feeling comfortable while in a library. Secret Shelf is one of new invention in an information agency. The problem arise in a library commonly regarding to the save space for the shelves, chair and many more. Other than that, user easy to feel bored with the same decoration in a library. In future, this shelf capable to fulfill the library needs. The novelty and uniqueness of this Secret Shelf is library is free to decorate the space in order to locate more books in a library. Users also can get advantage from this shelf because the collection is located nearby with the seats. In order to preserve the book lifetime, it is important to protect books from cold temperature.

Keyword: Secret Shelf

Potential commercialization: A Secret Shelf will get the higher demand among library in the world because it really assists library staff to do shelving. Besides that, it also makes library environment look tidy and bigger space. Library decoration must meet the latest decoration in order to attract the users always come to the library.
