(Research and Industrial Linkages)

Farewell to our retired Deputy Rectors

By: Ch'ng Looi Chin

Associate Professor Dr. Rosita Haji Suhaimi

A lecturer from the Faculty of Business Management, Associate Professor Dr. Rosita's main contribution was as the Deputy Rector of Academic Affairs. In recognition of her outstanding performances, she was awarded Excellent Service Award five times. In addition, she also obtained the State Government Award (P.B.K) and *Anugerah Kepimpinan Akademik* Award for her exceptional commitment and leadership.

Apart from that, she was actively involved together with her staff in searching for innovative ideas to improve the administration of the department with award winning innovative projects such as *Kumpulan E-MO*, *e-Ponteng*, *Flash-X* and *PUTRAS*. At the same time, she had been providing professional services mainly as an external interviewer for numerous events and projects apart from leading and participating in countless research projects and publications.

*Your contributions are invaluable and honorable.
Your guidance has always been inspiring and motivating!
Here's wishing you all wealth, health and happiness
HAPPY RETIREMENT!*

Associate Professor Wan Akil Tuanku Abdullah

Our former Deputy Rector of Student Affairs and Alumni is an expert in Enterprise Resource Planning. Through organising religious, social, cultural and sports activities, he contributed vastly to help the university to produce quality graduates with soft skills competency. Being a kind and caring person, he looked into the well-being of the students, for example, needy students were provided with scholarships and different aids for accommodation, food and welfare. In addition, he also encouraged students to reach out to the needy communities outside the university. This allowed students to take part in community service. Besides encouraging students to practise their soft skills and instilling moral values, such initiatives benefited and promoted UiTM. For his dedication and commitment, he received Excellent Service Award three times. He also received the State Government Award (J.B.K) in 2014.

Associate Professor Dr. Rashidah Mahdi

An expert in Mathematics from the Faculty of Computer Science and Mathematics, she was the Deputy Rector of Research and Industrial Linkages. Her full commitment and professionalism in her career resulted in her receiving Award of Excellent Service four times and she obtained the State Government Award (P.B.K) for her contributions.

Despite her busy schedule, she was equally active in research and publications besides supervising many postgraduate students. In addition, she also participated in numerous innovation expositions and won many awards ranging from Gold to Silver Awards. MIND-Card, Zero-to-Five Degrees, Virtual Mathematics (Vimaths) and Disposable Aqua Bidet (DAB) were among the award-winning innovative products produced by her and her teammates.
