In this edition I would like to write about my dear *sahabat*, Rosbi Ishak. During the past fifteen years, Rosbi Ishak, who is affectionately referred to as Bee, has been a close friend of mine. Since we first became friends in 2009, our friendship has amply demonstrated the value of candour, kindness, and real connection.

Rosbi is someone who does not pretend to be someone else; she is someone who wears her heart on her sleeve and makes it a point to always be sincere in her relationships with other people. Without limit, Rosbi's generosity and kindness are boundless. I can always count on her to provide information that is clear and rational, without any pretence or beating around the bush.

One of the things that makes Rosbi a genuinely remarkable friend is the fact that she is always honest and kind, in addition to being serious when it is necessary.

The achievements that Rosbi has achieved reflect her intelligence, unwavering commitment, and hard work. She has accomplished a great deal in both her academic and professional life. She was born and raised in Pasir Mas, Kelantan. Rosbi has a Diploma in Business Studies qualification from Institut Technology MARA. She also has a degree in Business Administration (Hons) Accounting & Finance from De Montfort University in Leicester, United Kingdom, and later pursued her Master of Business Administration (Accounting) at Universiti Utara Malaysia.

This Senior Lecturer has served UiTM for the past 22 years. She has lectured in many areas of accounting, namely, Financial Accounting & Reporting, Costing, Financial Market, and Public Sector Accounting. Rosbi held various significant posts throughout her tenure, among them are Practical Training Coordinator, Timetable Committee Member and Internal Auditor.

Rosbi has many fond memories accompanying students to Langkawi, Terengganu and Kuala Lumpur in fulfilment of accounting and non-accounting courses taught. Her passion for travel and adventure has inspired her to accompany students on these trips. These events have not only contributed to the enhancement of her own life, but they have also provided her students with memories that will last a lifetime.

The friendship that I have with Rosbi Ishak is something for which I am thankful. I would like to express my gratitude for being a genuine friend who exemplifies the qualities of kindness and sincerity. In my capacity as Rosbi's friend, I pray that her desire of seeing all her friends remain well and content until they reach the age of retirement will come true. As for her students, she encourages them to continue in their pursuit of knowledge and skills throughout their lives. We pray that your life, Bee, is brimming with love, laughter, and an abundance of blessings. May this *ukhuwah* last till Jannah.
