ACADEMIC MISSIONS TO BINTULU AND KABONG

UiTM Sarawak Academic Missions to Bintulu and Kabong districts were held from 21 October to 27 October 2008. A team of lecturers was sent to these districts for both events. The warm response from students and teachers of various schools in Bintulu were very encouraging and heart-warming. There were more than twenty Public and Private Universities and relevant Government Agencies participated in the exhibition. The event was well organized. The team then, moved ahead to the next academic mission in Kabong after they left Bintulu.

The next day, there was a big crowd from various villages and longhouses coming to the event. There were more than thirty Government Departments and Agencies took part in the exhibition including both Public and Private Universities.

During the event, it was observed that a very few people visited the exhibition booths. There were no visitors from various schools in Kabong visiting the academic booths.

The event would have been more meaningful if the organizing committee include educational activities such as inviting students from various schools in Kabong and organizing a public speaking competition, et cetera instead of a dancing competition. The team left Kabong and went to Sarikei before heading to Kuching on the next day after both missions in Bintulu and Kabong were accomplished.
