

FINAL YEAR STUDENT RESEARCH SYMPOSIUM

By: Dr. Noreen Husain, Dr. Aida Azlina Ali

On 11 July 2025, the Faculty of Pharmacy hosted the Final Year Student Research Symposium, bringing together 180 students at Student Activity Rooms 1 and 2, and Lecture Hall 9. The poster presentations offered final-year students the opportunity to showcase their research findings, fulfilling an essential academic requirement while gaining valuable experience in professional scientific communication. Beyond highlighting research outcomes, the symposium fostered the exchange of ideas, encouraged networking with peers and evaluators, and included a special interactive session with 27 international guest students from the Faculty of Pharmacy, Universitas Airlangga, Surabaya, Indonesia. The event also allowed the academic community to appreciate students' research potential and to identify high-impact projects with promising avenues for publication and innovation.

The afternoon session featured a research presentation by Associate Professor Dr. Mohd Shahezwan Abd Wahab, Deputy Dean of Research, in Lecture Hall 9. The day concluded with the announcement of nine winners of the Best Poster Award. These are the list of the winners and their supervisors:
