EXECUTIVE SUMMARY

Pusat Pengurusan Kolaborasi RICE UTeM Melaka is an important department at Universiti Teknikal Malaysia Melaka (UTeM). It plays a big role in building strong relationships between the university and outside organizations like industries, government bodies, and the community. RICE helps the university share its knowledge, expertise, and technology with others. This collaboration is not only helpful for companies and the public, but also helps UTeM students and lecturers to gain experience, improve their skills, and apply what they learn in real life. RICE supports UTeM's mission to become a university that is active in industry and community engagement.

RICE has several sections that work on different types of activities. For example, there is a Consulting Section that manages consultation services between UTeM experts and external clients. There is also an Innovation and Intellectual Property Section that helps protect and manage ideas, inventions, and research done by UTeM staff or students. The Technology Transfer and Commercialization Section works to bring research products to the market. RICE also has a STEM and TVET Education Section that promotes science, technology, engineering, and technical skills to schools and the public, especially among young people. These sections show that RICE is very active in many areas.

One of the other important parts of RICE is the Community and Edu-Tourism Section, which focuses on giving back to society. They organize educational visits, programs, and social activities that involve local people and schools. This helps students and researchers share their knowledge while learning from real community problems. In addition, RICE works with the Melaka State Government, industries, and other institutions to support state development projects. Through these projects, RICE helps to solve local problems using the university's knowledge and skills, making UTeM a valuable partner in state and national development.

Overall, RICE is a very important part of UTeM that supports learning, research, and community service. It helps connect the university with the outside world and brings benefits to both the university and society. By managing various programs and partnerships, RICE helps improve student learning, supports national development, and makes sure that the research done at UTeM is useful and impactful. With its wide range of services and strong partnerships, RICE continues to grow as a center that supports innovation, education, and collaboration for a better future.

ACKNOWLEDGEMENT

First and foremost, I would like to express my deepest gratitude to Pusat Pengurusan Kolaborasi (RICE), Universiti Teknikal Malaysia Melaka (UTeM) for giving me the opportunity to undergo my internship at their esteemed department. It has been a meaningful and enriching experience that allowed me to gain invaluable insights into the operations and responsibilities within a university's consulting environment.

My sincere appreciation goes to my internship supervisor, Puan Norhafizah binti Md Yusoh, for her continuous guidance, encouragement, and support throughout the duration of my placement. Her patience, professionalism, and willingness to share her knowledge have greatly contributed to my learning process and overall experience at RICE. I am truly grateful for the trust and responsibility given to me in carrying out various tasks under her supervision.

I would also like to thank my academic advisor, Puan Wan Rasyidah binti Wan Musa, for her constant support and advice during my internship journey. Her guidance has been instrumental in helping me stay focused and motivated. Last but not least, I extend my appreciation to all staff members at RICE for their friendliness, cooperation, and willingness to assist me whenever needed. This internship has been an important stepping stone in my academic.
