### **ABSTRACT:**

E-KNOWLEDGE ASET is a document management system in the form of electronic open source. The use of the document management system is to assist an organization to increase its productivity in managing existing information in order to become more effective. Through this system, all information generated by field experts can be referred by all. E-KNOWLEDGE ASET is the first alternative designed to facilitate work in managing information. E-KNOWLEDGE ASET is the first solution for information system management to store existing information and newly produced information for sharing and reference to other UMK community.

*Keyword: Knowledge assets, knowledge management*

---

### **Novelty & Uniqueness:**

- Centre of UMK knowledge assets by covers all the fields of research related to:
  - Main reference of knowledge assets online
  - Ensure all the UMK knowledge asset are identified, recorded and stored for sharing purposes

### **Potential Commercialization:**

All universities, government and non-government agencies and private sector.
