Ihya' Ramadan CFC 2021

Chemistry Fusion Club (CFC) Association took the initiative to organise "Ihya Ramadan CFC 2021" from 20 April to 12 May 2021 in conjunction with the holy month of Ramadan. Due to COVID-19, the event was conducted via online platforms namely Tik Tok, Instagram and Google Meet. This programme involved a total of 21 CFC's members of the Faculty of Applied Sciences organisation. The programme was conducted through daily postings of interesting facts about Ramadan on Instagram at 10.00 a.m. In addition, during every weekend of the Ramadan month, CFC's representative members did a short vlog of their activities which then posted on Tiktok and reels on Instagram. The Khatam Al-Quran programme was also held on 9 May 2021 from 2.15 to 3.15 p.m. The programme was led by CFC's representative members to recite the Quran on Google Meet.

Students also shared some activities that can be done and discussed their experiences in appreciating the blessings, importance and demands of charity in the month of Ramadan.
