BUSINESS NAME:H-A DE CORNEZ

C/O:MUHAMMAD HAFIZUDDIN BIN MUHAMMAD FAISHAL

The H-A DE CORNEZ idea were created after I and the other members, Amirul, Amir and Hafizul were graduated from UiTM after last semester in Degree at Uitm Pahang Campus Jengka. We decide to open a business in Jengka base on the knowledge that we gain from the last semester subject in business. The idea of me to make this business into reality were supported with these member of mine because the idea to make a customer service services that serve fast food and snack will make the this business run smoothly. The location of our building that we rent also the have a strategic position because it were located at the central city of Jengka where the students and the tourists that come to Jengka to have a trip and hang out with their friend. I and my business member believe with this type of business that we run, we can achive a high that go beyond from our expectation in the future when we working as hard as possible.
