EXECUTIVE SUMMARY

An extensive summary of my six-month experience internship at Malaysia Airports Holdings Berhad (MAHB), a leading airport operator in charge of overseeing and running airports throughout Malaysia, is given in this industrial report. My internship was valuable because I got various actual tasks and professional practices, which apply my academic studies to real experience. Started my internship with Malaysia Airports Holdings Berhad (MAHB) on 3 March 2025, with my direct supervisor, Puan Nurul Hafizah Binti Mohd Idrus, acted as my mentor throughout my internship and was instrumental in also developing the learning processes. During my internship, I was able to apply my academic learning to complete various tasks in several roles and therefore develop not only my technical skills but also my soft skills.

This report will include a SWOT analysis which identifies MAHB's strengths, weaknesses, opportunities, and threats in the current competitive aviation environment, as well as my overview of the organisation, the company profile, and scope of my responsibilities. It also includes strategic discussions about my development experiences, challenges faced, lessons learned, and meaningful suggestions for improvements in the future.

ACKNOWLEDGEMENT

First of all, I would like to thank my advisor Dr. Nor Shahrina binti Mohd Rafien from UiTM Kampus Bandaraya Malacca for guiding my internship program for six months. I feel so grateful because she worked hard to help me to complete my report journey and make time to do discussion until the final date of submission. I also want to take this opportunity to appreciate my family and friends that always support and keep motivating myself to complete my internship report. Thankful for them for showing their help until I complete my internship.

Lastly, a big thanks to the staff of Malaysia Airports Holdings Berhad company for giving me the opportunity to recruit me as their internship student. Also, thanks to my supervisor, Puan Nurul Hafizah binti Mohd Idrus, Finance Officer, for choosing me in the Finance department. I am very appreciative because they keep teaching, guiding me in any task I work on, and accepting my weakness when completing the job task given.
