ACKNOWLEDGEMENT

First of all, I would like to express my highest gratitude to God Almighty because I have succeeded perfectly in practical training at Malaysian Pepper Board for eight weeks beginning 20 January 2016 and ended on 16 March 2016 as required by the University Technology Mara (UiTM) Samarahan.

Greatest thanks to my supervisor, Madam Nursuria binti Mahrif who had helped me a lot in completing this practical report. The understanding, encouragement and continuous support from her throughout the duration of fulfilling this assignment are most appreciated.

Besides that, I would like to thank Malaysian Pepper Board for giving me chances to do my practical training in this agency. Do not forget to thank to my host supervisor Mr Mandau Anson, who approved my application to do my practical training at Malaysian Pepper Board. He also manages my placement schedule and always gives me support and motivation during the practical training.

Last but not least, infinite thanks to my parents, my family member and my friends that always give me strength, confident and support me throughout my journey as a student. They helped me a lot in completing the practical training report, and without their help and advice, I could not able to do the practical report well.

CHAPTER 1

INTRODUCTION OF THE ORGANIZATION

1.1 ORGANIZATION BACKGROUND

The Pepper Marketing Board Malaysia was established in 1972 as federal statutory body under the Pepper Marketing Board Regulation 1971 to regulate, promote and improve the marketing of Sarawak Pepper (the trade name for pepper from Malaysia) and value-added pepper and pepper products. The board seeks to establish a modern, efficient and competitive pepper industry in Malaysia, with the underlying objectives of improving the economic well-being of pepper farmers. In 1st January 2007, its name has been changed to Malaysian Pepper Board (MPB) as federal government agency under the Ministry of Plantation and commodities (MPIC). MPB is instrumental in the development of the pepper industry in Malaysia particularly in research and development, extension and increase in pepper production.

Malaysia Pepper Board head office is located at Kuching, with the nine branches in Sarawak and two regional offices in Johor and Kota Kinabalu.

STATES	LOCATION
Sarawak	Kuching (head office), Serian, Sri Aman, Betong, Sarikei, Bintangor, Sibul, Bintulu, Belaga, Miri
Johor	Johor bahru
Sabah	Kota Kinabalu
