EXECUTIVE SUMMARY

As the last semester required students to carry out an internship programme, I am honoured to choose FGV Johor Bulkiers Sdn Bhd as my internship place and the duration for 6 months. There are two core businesses for FGV Johor Bulkiers which are liquid bulk where it is handling of vegetable oil-based product and dry bulk specialised in handling warehouse meanwhile the core competency as FGV offer transport and forwarding services, providing complete logistic solutions (FGV Johor Bulkiers. 2025).

Additionally, as an internship student I fulfill various roles and responsibilities within the human resources and admin department such as assisting staff to check the employees salary, enter data on meal allowances, contact and assist candidates to interview for new job positions. Apart from that, I also participated and gave a hand when the company held any events especially handled by the human resources department.

Moreover, other than doing the roles and responsibility, there is an objective for me to analyze the strengths, weaknesses, opportunities and also threats regarding FGV Johor Bulkiers using PESTEL which are political, economic, social, technology, environment, and legal. Also, FGV Johor Bulkiers is one of the companies stated within Johor Port that can be sure it is more secure and attractive to export and import activities, has limited brand visibility compared to competitors, with the opportunities by the government incentives for infrastructure upgrades and chances of more competitors using advanced technology.

ACKNOWLEDGEMENT

In the name of Allah, the Most Gracious, the Most Merciful.

First, I would like to express my thanks to our God for giving me the power, excellence, and chances for me to complete my internship in an easy way. Without His permission, I will not be able to successfully complete my internship journey.

Additionally, I would like to thank my reliable advisor, Encik Fadli bin Dalili for help with this assignment. He was undoubtedly there to help and guide me while I struggled to complete this task correctly. Additionally, during our consultation prior to the due date of this assignment, he answered every question I had and gave me honest comments.

Furthermore, I would like to thank my fellow classmates for helping and guiding me to complete this report. They are always there whenever I have questions regarding internship matters without exhaustion.

Other than that, thank you to the FGV Johor Bulkheads for giving me the opportunities to have experiences and complete my internship. I also want to thank my supervisor, Hajah Aslila binti Mohd Bakri and the HR department for guiding me and helping me to apply my knowledge in this internship.

Lastly, I also wanted to thank my wonderful parents, who functioned as both my main inspiration and encouragement on a daily basis while doing this assignment. I definitely can and should credit them for their daily care and concern for me which indeed helped in assisting me in completing this assignment on time.
