## ACKNOWLEDGEMENT

Most of all, i want to give thanks to God for His blessing and His guidance which enabled me to complete my industrial training, completing the writing of this report and will entitle me to receive my diploma. I am able to complete this assignment which facilitated the completion on this industrial training report. This Industrial training report would have not been carried successfully without the cooperation from many parties who contributes in preparing and completing this study.

On 6 June 2016, I and two others training partner have started my industrial training at Agriculture Research Station, MPOB Belaga and ended on 11 September 2016. I have learned a lot of things throughout the past 3 months. I would like to give my thanks to the most precious person in my life, which is my parent, En. Nyangon Anak Japong and Mdm. Julan Anak Asa. for their endless moral support and also in term of financial support. To my internship friends, thank you for your suggestion, and ideas throughout the training.

My sincere thanks and gratitude are extended to my dedicated and understanding advisor Sir Muhammad Syukrie Bin Abu Talip, the lecturer of Universiti Teknologi Mara, for the guidance and assistance, understand and commitment throughout the duration of this work. The encouragement and criticism were helpful in completing this practical report.

I am also deeply indebted with the Station Manager Mr. James Chulla Hollis, Research officer and all staffs at Agriculture Research Station, MPOB Belaga such as Mr. Jeffery Mos, Mr. Augustine, Mr. Affendi, Mr. Albilano, Mr. Edwin, Mr. Abd Rahim, Mdm. Monica Belulok, Mdm. Catherina Peter, Mdm. Lia, Mr. Redza, Mrs. Shirley, Mr. Jackson, Mrs. Raziana for accepting my friends ( Susimah & Sharon) and I on application industrial training at MPOB Sg.Asap and cooperation in providing materials and information for this practical report.

A special word of appreciation goes to my friends Susimah and Sharon as my training partners in giving useful information and comment for me in completing the practical report. During these 3 months working at Agriculture Research Station, MPOB Belaga as a trainee, I am exposed to many new experiences which are very valuable for me to learn and carry out when I face the real world of working in the future. The reason for us as a student doing or having our industrial training is to expose us to the work life before us graduating soon. By doing so, we will know how to adapt and communicate with other people who are on the same field as

## Organization Background

### Organization History (MPOB-Malaysian Palm Oil Board)

MPOB is the premier government agency entrusted to serve the country's oil palm industry. It's the main role is to promote and develop national objectives, policies for the well-being of Malaysian oil palm industry.

It was incorporated by an Act of Parliament (Act 582) and established on 1 May 2000, taking over, through a merger, the function of Palm Oil Research institute of Malaysia (PORIM) and the Palm Oil Registration and Licensing Authority (PORLA).
