1.0 ACKNOWLEDGEMENTS

First at all, I express my sense of gratitude to God for blessing and giving me strength and guidance to complete our internship programme until the end. Everything in my success is come from God, and by helps of many people, that why I want to give my thanks to all the persons that responsible in helping me to complete this internship programme especially to the PALMLYN SDN BHD company for the willingness to accept us to attend our internship programme in this company.

Next, special thanks for Plantation Controller Mr. Alex Yii Toh Ngie, Estate Manager Mr. Hassan Bin Onui, my Senior Supervisor Mr. Lim Kwong Sui, Supervisor Mr. Addie Bin Cinta and Field Conductor of Phase 1A, Mr Edwin and Mr Carlos for giving chance and guidance in my internship programme as a fresh trainee to complete my training programme until the end and successful. I have learn so much about the actual field training in Oil Palm Plantation, I realize that the actual work in field is challenging and give me new experience for applying what I had learn at Diploma in Plantation Industry Management.

Apart from that, I also want to give the deepest thanks and gratitude to our Plantation Industry Management lecture, Mr. Muhammad Syukrie bin Haji Abu Talip for trying his best for send us to this internship programme and applied for many companies in order to find us a place to complete our training. Without his effort, we never finish this internship programme as he had done so much for us. After that, I also thankful to our lecture Mr. Yahutazi Bin Haji Chik for visiting us at Palmlyn Estate at Balingian, we were very thankful for his effort to visit us even though far away from Mukah Town.

Last but not least, not to forget, I would like to thank my family and my fellowships trainees for support and giving great motivation and advice throughout this internship programme. Thank you very much.

2.0 PALMLYN ESTATE BACKGROUND-

Palmlyn Sdn Bhd Estate , which is under Subur Tiasa Holdings Sdn. Bhd is at Balingian branch and was established on 2008 .This estate controlled by one Plantation Controller, which is responsible to monitoring the production and control all the production of this estate and giving orders from Head quarters from Sibul branch. This estate also handled by one Estate Manager assisted by 3 assistant managers and 3 senior supervisor.

This estate area is majorly peat soil type soil. The duration for enter this estate from Main Road Balingian – Mukah is around 1 hour and 1 hour from the GSA estate gate. This estate total area is 4730.31 Ha, which divided by 3 Phase, which is Phase 1, Phase 2, and Phase 3. I was placed in Phase 1A in past three months of our internship programme.

Operation of harvesting done by two group which is estate direct workers and contractor (Era Jaya. Sdn. Bhd. In Phase 1A, we using Tenaga Kerja Indonesia(TKI) workers for harvesting operation.

Top management of Palmlyn Estate

6.0 CONCLUSION

During my internship programme in Palmlyn Estate, I have learned many new experience and this estate is a good place for trainee like me for learn things that we have learned in Diploma of Plantation Industry Management in real situation and apply it on field. Once again, I would like to thanks our lectures which in charge to placing us here, without them, we never ever finish this training programme. Thank you.
