INDUSTRIAL TRAINING REPORT

A) ACKNOWLEDGEMENT

As a requirement report for the semester 6 students of Diploma in Planting Industry Management under Faculty of Plantation and Agrotechnology, we are required to complete and submit our industrial training report for the subject AGR390 Industrial Training. The subject AGR390 Industrial Training must be taken by all students of MARA University of Technology (UiTM) in order to ensure that the students are able to obtain knowledge and exposures in the field of practical as well as to introduce some of the basic techniques and tools that can be used for the future as an Executive Office Management.

First of all, we would like to thank God for all of His blessings. Without His blessings and consents, we will not be able to complete this industrial training report in the given duration. We are able to complete everything despite all the barriers and challenges. Apart from that, we would like to express our deepest gratitude to Mr. Muhamad Syukrie bin Haji Abu Talip, our Faculty Representative for Industrial Training. Thank you for all the guidance throughout preparing for this industrial training report. He managed to guide us by giving some suggestions, ideas, comments and information during his field visit. He is a wise and has a lot of experience regarding this field. Without his help, I might not be able to finish this report successfully.

Next, we also would like to express our thankfulness to our families and friends for all the ideas shared and all the morale support given throughout the preparation of this industrial training report. Besides that, we would like to express our gratefulness to all executives, staffs and workers of Tanjung Payung Estate for giving unstoppable cooperation to me. All the data collected, forms and other appendices were from them. Without them, we could not finish our report on time.

Last but not least, million thanks to all team members for the great commitment and cooperation given while overcoming all problems and enduring all the difficulties during the preparation of this industrial training report. Without the coordinated team work, we will not be able to complete and submit this report on the given duration of time. Hopefully all the efforts spent on this report will worth all the sweats.

INDUSTRIAL TRAINING REPORT

B) INTRODUCTION TO TANJUNG PAYUNG ESTATE

Tanjung Payung Estate is one of the estates under Tradewinds Plantation. Last year, Tanjung Payung Estate was the best yield production among all estates under Tradewinds Plantation Berhad. The estate which has 2310.62 hectare was produces 28.29 Metric tonne yield per hectare. It was the best performance for Tanjung Payung Estate so far.

Tanjung Payung Estate is planted on the peat soil area. Majority of the area surround by peat. There are only 232.72 ha or 10.07 % from 2310.62 ha of total are is sandy area, which is at block 1, block 7, and block 12.

Tuan Meor Muhammad Fariq bin Ishak Abu Hasan is the estate manager for Tanjung Payung. Then, he has 1 Assistant Manager and 1 Junior Assistant, Tuan Ahmad Zulhilmi bin Ahmad Sabri and Tuan Aqhsani bin Arizon.

The estate also has 5 field staffs. There are 2 staffs for harvesting, which are Mr. Sylvester for Division A and Mr. Junaidi for Division B. For the manuring staff, Pest and Management staff, and water management staff, there is only 1 staff works for each task. Mr. Fredy works as a Manuring Staff, Mr. Morris as a Pest and Disease staff, and Mr. Jaim as a Water Management staff. The estate also has 4 Office Staff. Cik Sylvia is the Chief Clerk, followed by Puan Azura as a General Clerk, Cik Caren as a Storekeeper, and lastly Cik Ncky Tiffany as a helper.
