Environmental Systems -
WRES)

Ir. Dr. Assrul Reedza Zulkifli
(Construction Business &
Project Management - CBPM)

Heartiest congratulations!

The Faculty of Civil Engineering (FCE), Universiti Teknologi MARA (UiTM) Shah Alam proudly extends its warmest congratulations to its academic staff members on the successful completion of their Doctor of Philosophy (PhD). This outstanding achievement marks an important milestone in their professional and scholarly journeys and reflects their unwavering commitment to academic excellence, research integrity, and continuous professional development.

The attainment of a PhD requires exceptional intellectual rigour, perseverance, and sustained dedication. It signifies the ability to undertake independent, original, and impactful research that contributes meaningfully to the advancement of knowledge and professional practice. The faculty recognises the considerable efforts demonstrated by its staff in balancing teaching responsibilities, research commitments, and institutional duties throughout their doctoral studies.

All the best for future endeavour.
