ADVANCING KNOWLEDGE. CREATING IMPACT

Our news & research highlights reflect the faculty's continued commitment to advancing knowledge with real-world impact.

BENCHMARKING FACULTY OF CIVIL ENGINEERING

The top management team from the Faculty of Civil Engineering, UiTM, successfully conducted a benchmarking visit to the School of Civil and Environmental Engineering (CEE), Nanyang Technological University (NTU) on 18th Nov 2025. The visit aimed to strengthen academic collaboration, explore best practices, and enhance insights into research facilities and programme management.

One-day working visit was highly beneficial, featuring discussions on Undergraduate and Master's programmes, sharing sessions on the implementation of OBE, OEL, and CP, as well as laboratory visits to strengthen academic quality monitoring. Collaborations in research, publication, and consultancy also opened new opportunities to further enhance academic networking between UiTM and UTM.

WORKING VISIT BY FKA TOP MANAGEMENT TO UITM PASIR GUDANG BRANCH

The two-day engagement sessions and briefings with the management team, academic units, quality and CQI units, corporate division, and postgraduate studies proceeded smoothly. This visit provided an avenue to strengthen collaboration, align academic and quality processes, and enhance faculty governance between the Shah Alam and Pasir Gudang campuses.
