1.0 INTRODUCTION Sawit Kinabalu

1.1 Agency background

Sawit Kinabalu Berhad (formerly registered) was formed when the State Government of Sabah, in its continuing efforts to encourage the people of Sabah to assume a more responsible role in the growth of the State, decided to corporatise the Sabah Land Development Board (SLDB). The State Government believed that this will bring about greater efficiency and effectiveness, thereby optimising profitability and contributing directly to the economic growth of the nation. The Sawit Kinabalu Berhad's Logo defines its corporate professionalism and commitment in galvanising growth. The prominent gold signifies strength and growth into a new era of the Sawit Kinabalu Berhad's diversified activities. Deep red shade of a ripe oil palm seed represents the core activity of the Sawit Kinabalu Berhad in the palm oil industry and symbolizes maturity and stability of its operation as it further embarks on a journey towards greater excellence.
