ETSA Empowers Future Learners Through University Social Responsibility Language Outreach

SDG SINERGI

26/06/2025 / MUNIRAH MOHD IZAM

Puncak Alam, 24 June 2025 – Demonstrating its continued leadership in community-based educational initiatives, the **Faculty of Education, Universiti Teknologi MARA (UiTM)**, through the **Ethos! TESL Student Association (ETSA)**, successfully held a high-impact **University Social Responsibility (USR)** outreach titled *“Unlocking English Beyond the Classroom (UEBTC)”* in collaboration with **SMK Datuk Mansor, Bahau, Negeri Sembilan**.

Held on **20 June 2025** at the **Seminar Room, Faculty of Education, UiTM Puncak Alam**, the programme engaged **80 top-performing secondary school students and 20 student facilitators from ETSA**, in a full-day English language enrichment experience. The event forms part of UiTM's broader commitment to nurturing public-school engagement, supporting language empowerment, and expanding academic aspirations through youth-led intervention.

The UEBTC programme featured **interactive modules and drama-based activities** from ETSA's *Maverick Training Module*, designed to promote functional English usage and boost learners' communication confidence beyond textbook instruction. It also served as a practical training ground for UiTM students to apply TESL pedagogical theories in real-world settings—strengthening their leadership, instructional delivery, and community outreach skills.

The officiation ceremony was graced by **Dr. Roslaili Anuar**, Deputy Dean (Academic); **Dr. Jamiah Baba**, Head of the Study Centre for Arts and Language; and **Ms. Munirah Mohd Izam**, ETSA Advisor. SMK Datuk Mansor was represented by **Mr. Mohd Zafuan Mohd Som**, Head of the school's English Panel, who commended UiTM's role in realising the school's first external academic visit for high-performing students.

More than an English language engagement, the UEBTC initiative **amplified UiTM's impact in educational upliftment**, social responsibility, and nation-building by fostering meaningful school-university partnerships. The programme not only strengthened UiTM's visibility as an institution committed to quality education (SDG 4), but also positioned its students as competent, community-aware ambassadors of inclusive learning.

With strong reception and enthusiastic participation, the Faculty of Education aims to expand similar engagements across Malaysia—reinforcing UiTM's role in producing globally conscious, socially responsible graduates equipped to lead change through education.
