Prof. Ts. Dr. Norazah Abdul Rahman, Deputy Vice-Chancellor (Research & Innovation), said during her welcoming speech that UiTM has the power to make a profound and lasting impact on the world and is confident that, with collective efforts, UiTM will continue to achieve great things.

The primary objective of this meeting is to discuss potential collaborations of UiTM in areas including but not limited to Antimicrobial Resistance, Rare Diseases, and Mental Health.

Earlier, the Pfizer team had the opportunity to meet and greet Prof. Datuk Shahrin @ Sahib Sahibuddin, Vice-Chancellor of UiTM, at his office.

We hope this collaboration continues to thrive and prosper in the years to come.
