ACKNOWLEDGEMENT

We are glad that, finally we come to the end of this long journey after going through all the difficulties and bitterness. We thank God The Almighty for his blessings and for giving us the chance to express our gratitude to those people who have given their help and assistance. First of all, we would like to thank our parents who give us the support especially financial support and also their prayers.

To our lovely tutor, Madam Azilah @ Elley Matin, for her helping hand, precious advise, uncountable support, reasonable suggestion and great ideas. We won't go anywhere without her being very helpful and supportive.

Prof. Madya Dr Haji Helmi Abd Rahman, for his lectures and guidance.

To Mr. Abd Kadir Haji Rosline for his lectures, guidance, assistances, notes and tips to conduct research and also for being so supportive and understanding.

Not forgotten, Mr Ahmad Suman, the Head of Public Administration and Law Faculty for his advise and to remind us whenever we seem like don't care.

Not forgetting Mdm Christina John Luan for her precious information and the staff of Kadazan Language Foundation for their assistance. Thank you for allowing us to use all the facilities and the valuable mini library.

To our respondents, a million thanks, without their cooperation, we got nothing and we can't move forward without their information.

To all friends who had involved directly or indirectly.

Thank You.

ABSTRACT

This study is on the ability to communicate in one's mother tongue or native's language. And the scope of the study is the student of Diploma in Public Administration and Law of Mara University of Technology, Kota Kinabalu branch. The conducting of this research is based on the current situation where many youth especially those who are living in urban area are unable to communicate in their native's language.

This research will focusing on the possible reason that contribute to the inability of the youth to speak their language, the symbol of their native as well as their identity. The study will also touched on the reasonable action that can be taken to overcome this situation
