BERITA MOU SINERGI

30/05/2023 / 13.00 (KEMERIAHAN)

BALI, 30th May 2023 – In a bid to enhance research quality and expand academic networks, Universiti Teknologi MARA (UiTM) and Warmadewa University have joined forces to launch a Lecturer Mobility Program (Research Project) for School of Civil Engineering, College of Engineering, UiTM between 3rd of July to 3rd of October 2023. The program aims to strengthen research collaborations and knowledge exchange between the two esteemed institutions.

Under the initiative, UiTM, in line with the assessment indicators of MyRA (Malaysia Research Assessment), is committed to prioritizing both the quantity and quality of research as well as establishing extensive networks and outreach. To materialize this commitment, UiTM will be signing a memorandum agreement with Warmadewa University, located in Bali, Indonesia.

The lecturers participating in the program will play a pivotal role in driving the research agenda forward. They will carry a memorandum document (MoU) to Warmadewa University, marking the beginning of collaborative research endeavors with their counterparts from Warmadewa University. This exchange will foster an environment of shared knowledge, innovation, and academic growth.

The Lecturer Mobility Program is set to commence on 3rd July 2023 and will run until 3rd October 2023. The committee members from College of Engineering, UiTM involved in this event are Ir. Dr. Suzana Ramli, Dr-Ing Ilyani Akmar Abu Bakar, and Assoc. Prof. Dr. Ir. Amnorzahira Amir.

Warmadewa University, renowned for its excellence in education and research, will serve as the host institution for this program. This collaboration signifies the commitment of both UiTM and Warmadewa University towards academic excellence and research advancements. By pooling their resources and expertise, the institutions aim to create a vibrant research ecosystem that will contribute to the development of the field of civil engineering.

The partnership between UiTM and Warmadewa University holds immense potential for knowledge exchange, collaborative projects, and research breakthroughs. It represents a significant milestone in the pursuit of academic excellence and will undoubtedly leave a lasting impact on both institutions.
