Knowledge Transfer Program - the Application of i-Asnaf Act

The above knowledge transfer program organized by Faculty of Accountancy with the Maybank Islamic Berhad as the main sponsor. The faculty would like to congratulate **Associate Professor Dr. Nadiah Abd Hamid and teams*** for their never-ending commitments and hard work to ensure the success of this meaningful program.

The Knowledge Transfer Program has commenced on 27 May 2023 and successfully concluded on 26 May 2024. It took place in **eleven states** of Malaysia including Perlis, Kedah, Pulau Pinang, Perak, Selangor, Wilayah Persekutuan, Negeri Sembilan, Melaka, Pahang, Terengganu and Sabah, with the involvement of **asnaf entrepreneurs**.

Among the program's objectives are (i) to assist the asnaf entrepreneurs to **enhance knowledge** on cost accounting, stock management and basic laws in business (including the use of the on-line applicatio; Hitung Untung and STOM).

At the same time, through this program, the faculty is trying its best (ii) to **facilitate the Majlis Agama Islam/Pusat Zakat** to monitor the sales and income status, post first and second sessions of the program.

One of the significant objectives of the program is (ii) to **help the asnaf participants to be free from the asnaf group and be one of the zakat contributors in 2024.**

***Team members:**

1. Associate Prof Dr Haswira Nor Mohamad Hashim
2. Dr Rani Diana Binti Othman
3. Puan Saliza Binti Sulaiman
4. Cik Suzana Binti Che Saruji
5. Encik Muhammad Faiz A'imullah Bin Che'Lah

Knowledge Transfer Program - the Application of i-Asnaf Act

The application of (i) **experiential** and (ii) **blended learning** concepts has created uniqueness to this program. It is proud to conclude the involvement of **420 participants, 6 facilitators** including lecturers from UiTM campuses and Kolej Universiti Perlis and **44 students** (B40) from Faculty of Accountancy, UiTM has created a win-win result to all parties.

The role of the students is to assist the facilitators in handling the program. **Maybank Islamic's** generosity is highly appreciated for the contribution in terms of **allowance** of **RM250** given to each student. This indirectly would motivate the B40 students on the importance of knowledge utilization in changing their quality of life in the future.

Outcomes of the program:

- Enhancements in knowledge and skills of participants in cost accounting, stock management and basic laws in business (results gathered from data analysis done by comparison made for (i) pre and(ii)post program)
- Positive impacts on the ability of participants to use the on-line application of HitungUntung and STOM. This provides a well-planned structure in managing business sales and profit, identifying and comparing the highest demand for sales of product at the same time to reduce the operating costs.
- As the spillover effect of the program (from the utilization of Maybank fund), the researchers were sponsored with grants from **Suruhanjaya Kebangsaan UNESCO Malaysia (SKUM)** and **Product Market Incubation and Commercialization (PROMIC)**.

The 2023's legacy continues. After **Danish Zafran, Julea Qiestyna and Safwa** were being announced as Top ACCA and ACCA FIA Prize Winner last year, the faculty is overwhelmed with another outstanding achievement from our students who are being announced as **Top Prize Winners for ACCA and ACCA FIA in March 2024 examination.**

Nur Ilhan Nurina, who is currently pursuing her ACCA program in UiTM Shah Alam, while **Muhammad Fawwaz**, is our ACCA FIA student in UiTM Perak, Kampus Tapah. Both of them are **ranked first in Malaysia and second place in the world** for their excellent score in **Audit and Assurance and Management Information** papers, respectively. What an outstanding achievement!

Faculty of Accountancy is offering the ACCA FIA program in another two branch campuses; Kampus Tapah and Kampus Dungun. This effort is in promoting the professional accountancy programs to those interested students. Once the students have completed their ACCA FIA (foundation level for ACCA) in branch campuses, they will then continue their ACCA program in UiTM Shah Alam.

Great responses and feedbacks!

We are happy that our stakeholders have successfully secured a place to further their studies.

The best information helped!

Congratulations and All the Best!

Congratulations RICAEN office, the speaker, Encik Muhamad Ridzuan Hashim and the committee members who have made the three series of the above program a successful milestone. Dedication, hard work, and unwavering commitment have truly paid off. This program is one of the activities organized under the **University Social Responsibility (USR)**. The initiative of the program is to expose, assist and guide the SPM holders with a clearer and right direction in choosing the best field to further study for a brighter future.

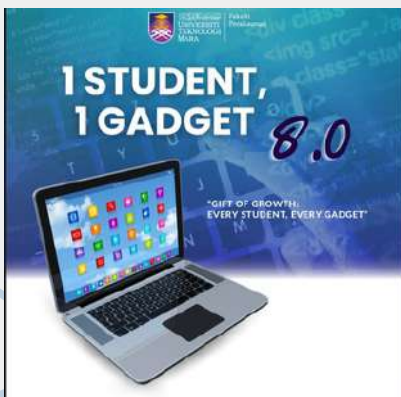

The positive feedback received from participants and stakeholders is a testament to the high standards we upheld throughout the process. Most of the participants agreed they gained clearer information and appropriate guidance from the talk. This helped them in choosing the best field of studies to further their education.

The program managed a total 81 crowd in the first series conducted. Realizing the great demands and the importance to serve the stakeholder's interest, Faculty of Accountancy then proceeded with the second series, having 175 participations. Cik Suzana Saruji, the alumnus was invited for a sharing session regarding accounting profession. Series 3, was held based on personal coaching style, the most effective way to assist the final decision of candidates as the due date for the *Unit Pusat Universiti (UPU)* application was on 9 June 2024.

Signing of MOA & MOU between UiTM and the 4 Counterparts

On 22 March 2024, Faculty of Accountancy has successfully initiated 4 signing of MOA/MOU between UiTM and its four counterparts; Salihin Academy, MICPA, ACCA and ICAEW. The ceremony was held in Level 7, Canseleri Tuanku Syed Sirajuddin, UiTM Shah Alam. The memorandums were signed by YBhg. Professor Datuk Dr. Shahrin Sahib @ Sahibuddin, FASc, Vice Chancellor of Universiti Teknologi MARA with each representative as follows:

UiTM Counterpart	Representative	Type of Memorandum
Salihin Abang	Dr. Salihin Abang Founder & Group Managing Partner of Salihin	MOU
Malaysian Institute of Certified Public Accountants (MICPA)	Dato Gan Ah Tee President Malaysian Institute of Certified Public Accountants	MOA & MOU
Association of Chartered Certified Accountants (ACCA)	Encik Ang Wen How Education Relationships Lead – Association of Chartered Certified Accountants (ACCA) Maritime Southeast Asia	MOU
Institute of Chartered Accountant in England and Wales (ICAEW)	Cik Shenola Gonzales Head of Institute of Chartered Accountants of England and Wales (ICAEW), Malaysia	MOA

The signing would bring about significant benefits to faculty’s students. With this active collaboration and support, for example, our faculty students will be having greater offering of internship opportunities and student ambassadorship programmes from Salihin Academy.

On the other hand, the collaboration with the professional bodies; MICPA, ACCA and ICAEW also would allow UiTM to be recognised as a tuition provider to conduct professional programmes in UiTM Selangor and other branch campuses. UiTM accounting students will enjoy the freedom to pursue their preferred professional programme.

These connections will provide students with valuable networking opportunities, insights into the latest trends and developments in the field, and enhanced production of professional accountants.

Collaboration of Two-Nation for E-Sulam International

Service Learning Malaysia- University for Society (SULAM) International has been developed with the involvement of UiTM international strategic partners and Faculty of Accountancy's students taking the Integrated Case Study (MAF671) course. This time around, Faculty of Accountancy UiTM welcomed the delegates from Faculty of Economics and Business, Singaperbangsa Karawang University (UNSIKA), Indonesia to experience the E-SULAM program in Malaysia. This program is basically a continuation effort of the previous International E-SULAM which was conducted in Karawang, Indonesia, in 2023.

It is a great honor to both universities' participants as their role as advisors to the MSMEs has contributed to great solutions to problems faced by the local entrepreneurs of MSMEs. Mr. Muhammad Farhan bin Abd Samad, the owner of D'Laman Choco, was impressed with the suggestions and insights provided by students from UiTM and UNSIKA which are significant to improve his business operations.

This program has also created another new collaboration effort with the Community Development Department, Sabak Bernam District Council (MDSB). MDSB plays an important role in advancing the MSMEs in Sabak Bernam, as well as helping to improve the local economy and community well-being

Venue: D'Laman Choco, Sungai Besar, Selangor

Date: 18 and 19 May 2024

Objective: To empower micro, small, and medium enterprises (MSMEs) in the Sabak Bernam area
