13/12/2024 / RANKING UiTM

SHAH ALAM, December 12, 2024—Universiti Teknologi MARA (UiTM) has steadily risen in the UI GreenMetric World University Rankings, securing the 107<sup>th</sup> position globally and 6<sup>th</sup> among Malaysian institutions in 2024. This achievement reflects UiTM's ongoing dedication to sustainability since joining the rankings in 2019, marking six consecutive years of improvement.

The UI GreenMetric World University Rankings assess universities worldwide on sustainability efforts based on six key criteria: Setting and Infrastructure, Energy and Climate Change, Waste, Water, Transportation, and Education and Research. This year, UiTM excelled in the Waste Management and Education and Research categories, earning perfect scores that significantly contributed to its performance.

The 2024 rankings saw participation from 1477 universities globally, an increase of 293 institutions compared to the previous year. In Malaysia, 17 additional institutions joined, totalling 60 institutions. UiTM's 6<sup>th</sup> place ranking among its peers in Malaysia underscores its position as a leading institution in driving sustainability initiatives at the national level.

Vice-Chancellor of UiTM, Professor Datuk Ts. Dr Shahrin bin Sahib @ Sahibuddin expressed his pride and gratitude for the university's achievement, "This recognition is a testament to UiTM's unwavering commitment to sustainability and the hard work of our entire community. It reflects our collective efforts to create a greener, more sustainable future through innovative practices, research, and education. As we continue to climb the ranks, we remain dedicated to advancing impactful initiatives that align with global sustainability goals and furthering our role as a leader in sustainability, both nationally and internationally."
