Bengkel Penyediaan Kertas Kerja Geran National Technology and Innovation Sandbox (NTIS)

20 April 2026

Business Innovation and Technology Communications, BITCOM

The Centre for Innovation in Teaching and Learning (BITCOM), Universiti Teknologi MARA (UiTM), successfully organised a National Technology and Innovation Sandbox (NTIS) Grant Proposal Writing Workshop, attended by 30 participants. The programme aimed to empower researchers with technical guidance in producing high-quality, competitive, and high-impact grant proposals.

Among the key components of the workshop was a sharing session titled “From Research to Real-World Impact”, which focused on strategies for translating research outcomes into practical innovations. In addition, a consultation clinic was also conducted, providing participants with one-on-one guidance from experts to refine their project proposals in alignment with the stringent evaluation criteria set by NTIS.
