

STRENGTHENING POSTGRADUATE RECRUITMENT IN 2026

By Dr. Norkasih Ibrahim

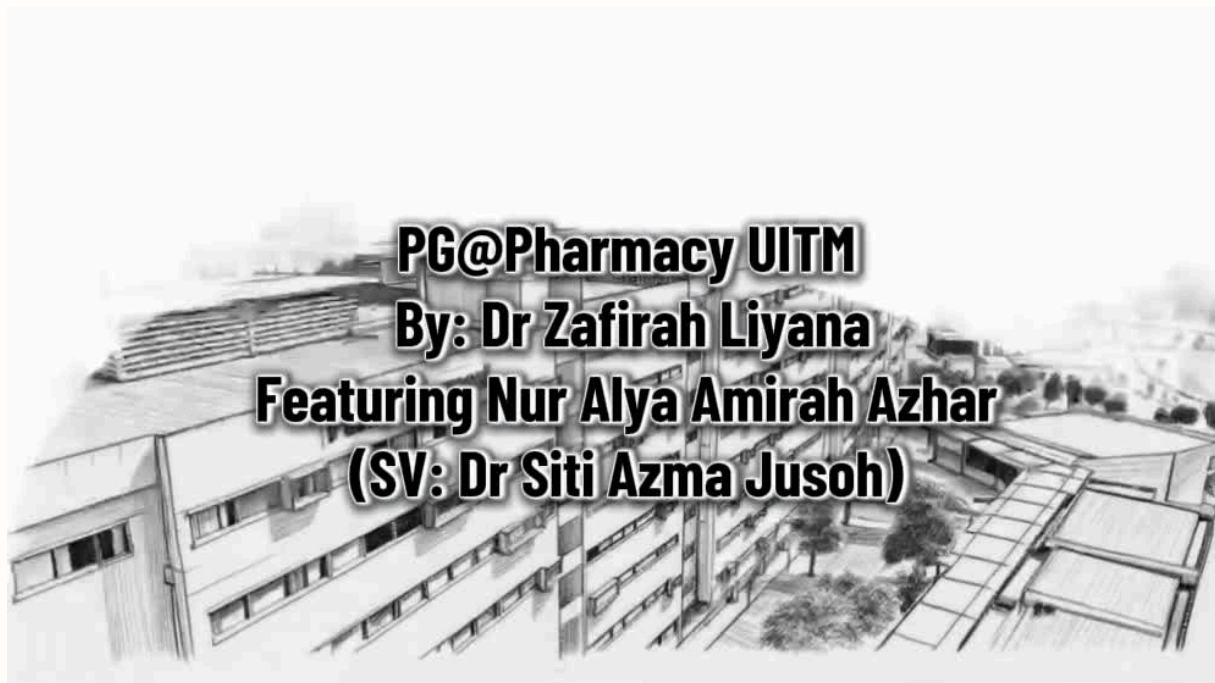

Promotion and Visibility

The Pharmacy Postgraduate Research Skill Development and Recruitment (PG-RAISE) Committee continued its commitment to enhancing the visibility of the Faculty of Pharmacy's postgraduate programmes through a series of strategic outreach and promotional activities throughout 2026.

The recruitment campaign began with the Faculty's participation in the **Star Education Fair @ Kuala Lumpur Convention Centre (KLCC)** on 11-12 April 2026, followed by the **Star Education Fair @ IOI Grand Convention Centre, Putrajaya** on 16-17 May 2026 and **PG4U 2026 at AEON Mall Shah Alam** on 27 June 2026.

Inspire Minds
and Build a
Better Future
Through
Postgraduate
Education*

“EVERY JOURNEY HAS ITS BEGINNING..”

Organised by the Institute of Postgraduate Studies (IPSiS), these events provided valuable opportunities to engage with prospective students, working professionals, and fresh graduates seeking information on postgraduate study pathways and career development. On 2 July 2026, the PG-RAISE Committee further expanded its outreach through participation in **BioConnexion 2026**, organised by the Faculty of Applied Sciences (FSG), UiTM Shah Alam. Through an interactive exhibition booth and a postgraduate pitching session, the Faculty engaged with approximately 300 final-year undergraduate students and alumni. The session showcased the Faculty's postgraduate programmes in pharmaceutical sciences, vibrant research ecosystem, and research supervision opportunities, while encouraging participants to pursue postgraduate studies.

To complement these face-to-face engagements, the Faculty organised **PG@Pharmacy UiTM**, an online postgraduate information session on **21 July 2026**. The session provided prospective applicants with an overview of the faculty's masters and PhD programmes, admission requirements, research opportunities, and the supportive postgraduate ecosystem offered.

Collectively, these initiatives have strengthened the Faculty's visibility across multiple engagement platforms while showcasing its research excellence, academic expertise, and supportive postgraduate environment. Through sustained outreach and meaningful engagement, the PG-RAISE Committee hopes to attract more high-quality postgraduate applicants and inspire the next generation of researchers and pharmacy professionals.
