ACKNOWLEDGEMENTS

First of all we are deeply grateful and thankful to Allah S.W.T for without His mighty permission and assistance, doing the tasks given would be impossible.

Secondly, Skim Penempatan Getah Kuala Tomani (SPGKT), Lembaga Industri Getah Sabah and the helpful staff from top to bottom that have given us the chance of doing our industrial training in one of their branches that is. The training have really thought us everything and the needed experience of the rubber related industry in the branch. The knowledge is really breathtaking and the experience is ultimately priceless. We are sure that everything we have learnt will be applied in our future.

A bundle of appreciation and a token of gratitude for the help and the support given by all of the lecturers of UiTM Sabah branch, especially Dr. Hendry Joseph as the Programme Coordinator, Mr. Hamjah bin Rusli as industrial training coordinator and Mr. Hazmi bin Awang Damit as our supervisor. Appreciation also extended to our fellow friends for providing inspiration thus making the impossible possible.

We also deeply thankful for having my family and the love ones to support us through the month of the industrial training and giving the words of wisdom to walk through the days of thunder.

1.0 INTRODUCTION

1.1 Company background

Skim Penempatan Getah Kuala Tomani (SPGKT) Lembaga Industri Getah Sabah (LIGS) is located in Kuala Tomani that is an hour drive from Tenom town. SPGKT have witnessed 5 managerial change since 1978 that is the year it was formed. The Skim that houses 70 settlers and each one of the settlers were given 6ha of land that can only be planted with rubber tree. SPGKT owns about 45000 hectares of land and some of it were contracted with certain agreement and loans.

The current manager is Mr. Repin Sungkit was the staff in 1978 and now a senior manager of SPGKT. SPGKT owns 30 vehicle including backhoe, land cruiser, tractor, tanker, grade and shovel. The vehicle is actively used in the block for development and other activities. The manager, and assistant manager were given their own vehicle to ease their work related activities. SPGKT have two assistant manager because there are two division in SPGKT and each assistant manager were given their own responsibility either about the purchasing or the NKEA or National Key Economic Area. SPGKT are one of the branches that does NKEA since 2012. About 80% of the scheme is being replanted because most of the matured rubber tree is no longer productive of producing raw latex.
