ACKNOWLEDGMENTS

Praises and thanks belong only to our Creator, God, for giving me strength to finish and complete my Industrial training at Felda Sahabat 07 and also giving me opportunity to meet, work and learn with such wonderful people throughout the industrial training.

I would like to express the deepest appreciation for those who are directly and indirectly involved in completion of this written report for my Industrial training. The person is who incharge industrial training is Mr. Mohd Eddieizwan Bin Kamarazaman as training supervisor for them excellent, continuous encouragement, and guidance. Numerous discussions were instrumental for the completion of this report. Thanks to the all executives and staffs of Felda Sahabat 07 for their comments, concern, advice and support during my training and also helping me to complete this Industrial training report.

My deepest appreciation also to my family members, especially both of our parents, my brothers and sisters for their undying support and encouragement. My special thanks also for them because always giving me useful advice and support in helping through hard time. Last but not least, a lot of thanks and I am really appreciate for all kindness and effort for all those who are involved for supporting and helping me get through it successfully.
