ACKNOWLEDGEMENTS

BISMILLAHIRRAHMANIRRAHIM

In the name of Allah SWT, the Almighty, the Most Merciful, peace and blessings be upon our Prophet Muhammad SAW. It has come to my initial predicament that my industrial training had done. I was really grateful to the Almighty God for His blessings until I be able to complete this report.

Firstly, I would like to thank to all that involved in helping me and giving me courage to complete this report. Appreciations to all my lecturers especially Dr Viduriati, my supervisor who are very kind and supportive in assisting me and my fellow classmates for the beneficial discussions and the swapping of information among us.

Alongside that, a special thanks towards my parents and siblings who never tired of giving me a mental, financial and spirit support. I was really grateful for the courage that they delivered in me for me to stand the challenges in my life.

Lastly, thank you to UiTM and Jabatan Pertanian Cawangan Tawau, for giving me opportunity to have my industrial training there and be part of DOA Tawau members to learn and saw a big picture of the work done at DOA Tawau. To all members of Jabatan Pertanian Cawangan Tawau, I appreciated your supports to me from the first until the last day of my industrial training.

Indeed, this work cannot be success without the supports from all mentioned above, whether directly or indirectly. May all be blessed by Allah SWT.

After Sabah achieved independence, several separate departments and agencies were established under the Ministry of Agriculture and Food Industry to address other areas and certain aspects in relation to the development of the crop industry.
