SEPTEMBER 2013

ACKNOWLEDGEMENT

ASSALAMUALAIKUM AND PEACE OPEN TO YOU....

First of all, I want to be grateful and give thanks to Allah S.W.T for the blessing because I already done and conducted my industrial training with successful at Tamaco Plantation Sdn Bhd.

Special thanks also to my parents that always pray for my success and never stop in supporting me from the back until now. To all lecturer, uncounted thanks given to you all because teaching and giving beneficial learning that help in studying and always keep me in the line that never stopped from then until now, thus ensure I can grasp all knowledge until I can practice properly just right now.

Thanks also to Plantation Controller (Admin) of Tamaco Plantation, Mr. Cyril J Impas that accept our permission to conduct our practical or industrial training here, thank you so much. Credit also given to Mr. Nur Amin Pulaele as a manager that always giving motivation, and supporting during my practical here.

A thousand wish of thanks and credit to Mr. Edward F.Lipaun as assistant manager at Division Sungei Segama and Sungai Manggis. He always guides me properly and tries the best to take care of me and conducts me to achieve the goal during my practical period. Discipline, hardworking and alert for something is the attitude that he always remind of me so that I will be high quality staff at the future. Not also that but also try to learn more and more until the end of the day, don't stop for learning something a new that you don't know until you master it.

To all staff Division Sungei Segama and Sungai Manggis thanks a lot about what you all teach me. Appreciate also because you all always look for my performance and development, give big contribution, cooperation and supports from day to day's. They also give me useful information about fieldwork and office work. Without them, I will end with nothing. That's staff is, Mr. Dahlan, Mr Reynaldo, Mr. Syahir (staff for division Sungei Segama) Mr. Samaluddin, Mr. Ahamad (staff for Sungai Manggis) and Mr. Rahim (nursery Sungei Segama).

Lastly, thanks to all who help me conduct industrial training properly especially for office staff, clinic assistant, mandore, workers and friend because giving the cooperation and anyone that involved directly or indirectly on my industrial training, thank you very much.

Thanks from a dipper of heart...

EXECUTIVE SUMMARY

This report is all about our practical training that takes 14 weeks from 10th June 2013 until 13th September 2013.

This Tamaco Group of Plantation has many divisions, so in my industrial I'm located at division Sungei Segama and Sungai Mangis. In division Sungei Segama have 1 nursery that is Tapak Semaian Sawit Sungei Segama.

For the first month, I'm covered the Sg. Mangis division from the whole parts of maintenance, harvesting and ect. this division have 1026 acres that planted with oil palm. The palm planted on 1993 and 1994, so now the palm age is 20 years and some palm is 19 years.

Second month, I'm located at nursery side. This nursery gives me learned new thing that i cannot aspect. Many problem that I'm must solve such as, the water supply not enough to watering the seedling because the drought season and avoid from the flooded area. This give me more matured to solve the problem and learn to think with matured.

Lastly, at division Sungei Segama. This division has 1088 acres that planted with oil palm. This division has 3 age of palm that is, planted at 1993, 1994 and 2009. The new replanting has 400 acres that planted at 2009, so I'm also learned how to manage the immature oil palm. The supply palms also done and all of the maintenance I covered.
